There was a consensus that the Conference would be:

- A one day event limited to San Diego County

- Focused on fixed number of issues which would come from the Commission's report on the "Status of Race and Human Relations."

- Invitational only targeting:
  - Community Planning Groups
  - Business & Community Serv. Orgs.
  - Law and Justice Agencies
  - Media
  - Elected & Admin. Officials
  - Educators
  - Health Service Orgs.

- Two sessions, with three groups attending the morning session and four groups attending the afternoon session. A luncheon between sessions, featuring a keynote speaker, will be attended by all groups.

- Each session would consist of:
  1) Orientation (why conference was arranged)
  2) Intervention/Action Planning
  3) Feedback (each group will give a brief summary of its plan of action)

- Early September, before the 19th, to avoid the Jewish Holidays.

Sub-Committee members were urged to begin thinking about possible facilitators for the intervention/action planning stage of the conference.

Two suggestions for keynote speaker were:

1) Shirley Weber with the Afro-American Department of San Diego State University.

2) Harry Edwards from the Bay area.

The next meeting is Wednesday, February 28th, from 1-3 p.m. at CAC, Room 209.
