Dear Mrs. Temple:

Municipal elections often encourage office-seekers to make lofty claims about past glories and to make hollow sounds of great resolutions about what they will do if elected. But the intelligent voter carefully assesses the records of all candidates and then makes a prudent judgement with his vote.

He is not fooled by half truths and twisted figures. He is not interested in issues and events that have no currency. He is convinced that government must be approached with good judgement.

The voter of intelligence knows that the public trust is to be guided by men of principle who understand the obligation to reflect the needs and desires of all their constituents.

It is with this concept of an elected officer that I appeal to you, Mrs. Temple, for your vote on April 8. To the best of my ability I have carried out the wishes of the people in District 1. Always acting within the framework established by the City Charter as interpreted by our City Attorney, I have been able to effect, with other Councilmen, an unprecedented efficiency in our City Government. The level of service has risen, and our Citizens' needs have been recognized.

I appreciate the privilege of serving as your Councilman during the last four years, and with your support I will continue to carry forward the policies that appear to be in the best interest of the people. Your polling place is located at the hall at 214 Avenue I.

Sincerely,
Edward P. Greene
