Council approves sidewalk project

MS-0348.012.015.004

Final City Council action approving four major projects for improving sidewalks, curbs and gutters in the Southeast Community was announced last week by City Councilman Leon L. Williams.

Williams said the council awarded contracts totaling $114,500 for the projects under the Model Cities Program.

"I know that residents of the Southeast Community will be pleased that their concern for improvement of their neighborhoods, and the city's cooperation, have resulted in these projects which will benefit a great many people," he said.

The work is to be carried out in the following areas:

1) The area bounded by 43rd Street, Franklin Avenue, 49th Street and Logan Avenue.

2) The area bounded by Ash Street, 34th Street, C Street and 32nd Street.

3) The area bounded by Boundary Street, Highway 94, 43rd Street and J Street.

4) The area bounded by Interstate 5, Beta Street, 43rd Street and Division Street.
