Mr. Leon Williams
City Councilman
Civic Center
San Diego, Calif. 92101

Dear Leon:

I have just returned to San Diego after a two-week business trip to Washington, Atlanta and other points south. In my mail is a letter from you regarding your August 25 fund-raising event. I regret very much that I was unable to make it, but I wish to contribute $25 to your campaign. It's not much, I know, but I hope you will appreciate where it comes from and under what circumstances.

Believe me, I very much wish to see you elected to Council. I feel that you will continue to make a fine contribution to this community and that your representation will afford people who are traditionally left out of the governing process an advocate who will be unrelenting in his desire to make city government truly participatory. You have quite a power house on your committee and I sincerely hope that the fund-raising efforts to date are much more productive than even you anticipated.

With kindest regards and best wishes for future success.

Sincerely,

Gerry

(Mrs.) Geraldine Rickman
