BOARD OF PORT COMMISSIONERS
CHAIRMAN OF THE BOARD

July 10, 1991

John MacDonald, Chairman
Board of Supervisors
1600 Pacific Hwy. - Room 335
San Diego, CA 92101

Dear Chairman MacDonald:

San Diego Regional Airport
Authority Exploration Committee

This is to acknowledge your recent letter inviting the Port to participate on the Exploration Committee. Your offer to include the Port is sincerely appreciated.

The Port will be pleased to serve on the Exploration Committee, since careful study of regional airport issues should be a benefit to the entire community. However, I want it to be clear that our participation as a member of the committee does not imply endorsement of the concept that a regional authority is necessary, and should not be construed as support for the proposal at present.

The Board of Port Commissioners looks forward to working with you on this important project.

Respectfully,

Robert Penner

DR. ROBERT PENNER
Chairman
