NAME Leon Williams

DATE 4-16-82

QUESTIONNAIRE

1. Are you familiar with the Lanterman Developmental Disabilities Services Act and Public Law 94-142, the Education for All Handicapped Children Act? If no, would you like more information on these laws.

   No, I have no direct familiarity with this bill, but would like to have additional information.

2. Do you have any particular interests, concerns or proposals for the developmentally disabled? If so, please explain.

   As a member of the City Council, I have worked, where possible, to reduce government discrimination against those disabled in any way. While I have not developed a specific program for the developmentally disabled, I am open to considering such an effort.

3. Would you like to meet with one or more members of our board to discuss your position on programs and services for the disabled population?

   Certainly.

Please return by April 13, 1982.
