KNOW YOUR STAFF Vernon Duncan

Mr. Duncan has been with the NYC for a year and a half. He works closely with 50 to 100 enrollees at a time. He encourages them to perform well on the job and helps solve transportation problems. He has worked with the supervisors of the enrollees to keep work training at a high level. Vernon likes to read, dive for abalone, listen to good jazz, and go horseback riding.

Williams Serves As Urban League Director

Leon Williams, director of the Neighborhood Youth Corps, is now serving as the San Diego Urban League director. Former director, John W. Johnson, is on leave of absence from the local league. He is serving as general field secretary for the National Urban League. The Urban League is a nation wide organization which deals directly with problems of urban poverty. It is headed by Whitney M. Young, Jr.

DR. ROBERT MICHELL-SCRIPPS CLINIC

Dr. Michell was instrumental in instituting an NYC program at Scripps. Through his efforts and the efforts of his colleagues the program proved to be very successful. Scripps was able to offer learning opportunities rarely available to young people from poverty backgrounds. There was much enthusiasm among the supervisors and many of the enrollees did so well that they were requested back after the Summer program.

Dr. Michell left Scripps recently to take a position at the University of California at Berkeley. He will be sorely missed. The personal dedication and inspiration demonstrated by this man has opened new horizens for many youngters.
