Dear people,

Thanks for the plub in your newsletter re the Speakers Bureau. I really appreciate it.

There is only one way to defeat the welfare mess, and that is through power and educational input into the middle and upper classes of society. Speaking to the Point Loma housewife may have more of an overall effect on changing the system than speaking to a thousand welfare recipients.

I hope that I can return the favor to CURE some day soon. Let me know if there is anything I can do for you, please.

Ray Schwartz,
welfare advocate Ray
