Gentlemen:

Recently I've seen the booklet entitled "Six Myths About Welfare" which is published jointly with your organization and the United Church Board for Homeland Ministries.

CURE has been providing for the San Diego community panel discussions dealing with prejudice on a personal level. Since we started in April we've given 11 panels reaching about 250 persons. Next fall we hope to be able to reach a continuing number of citizens not ordinarily reached. Part of our program is to have literature available for the audience to carry home for further study. This could provide an opportunity for distribution of your welfare myths booklet.

What arrangement could be made with you to use this method of distribution? Would we need to purchase outright, on consignment and reimburse you, or what? It would be appreciated if you would let us know if you're interested in having us distribute this or any other informative literature you might have available.

Sincerely,

Mrs. Dorothy M. Lloyd
Executive Secretary

Dear Mrs. Lloyd:

We have received your request for copies of "Six Myths About Welfare" which you wish to use for distribution during your community panels.

There is a set charge of .25 per copy; .20 per copy on orders over 100; and .15 per copy on orders over 1,000. We ask that postage also be included.

If your group is not contemplating purchasing too large a quantity, we would be happy to give these to you on consignment and wait for payment until after the pamphlets had been sold.

Please contact us further for more specifics about these arrangments.

Gerry O'Kane
