Dear Mike,

We are pleased to enclose our check in the amount of $1,000 made payable to the San Diego Integration Task Force.

It is very gratifying to us that San Diego has such a progressive outlook on the current integraton problems confounding the country; and we are most hopeful that your efforts will continue to keep the Federal Government from forcing upon us what has happened in other communities in California.

If we can assist you in any other way, please feel free to call on us.

Very truly yours,

Bill
