Community Assistance

Any member of the school community interested in providing assistance in our program is cordially invited to come to the school office to discuss how they may help. If more convenient, they should call 282-7672 and talk with Dr. Galas, principal.

Objectives

To provide an alternative to the large comprehensive high school which may not provide an opportunity for students requiring **small individualized classes.** To provide part-time schooling for employed students. To provide a program for students who cannot attend school on a regular weekly schedule. To allow students to make up credits needed for high school completion.

Small individualized classes

Student Progress

A student may enroll at any time during the school year. Students may pick up a course which was not completed in another school. There is no need to repeat the entire class. **Semester credits are issued when earned,** not just at standard report card periods.

Grade Levels

9th through 12th.

Special Help for Exempted Students

High School Completion Program for juveniles and adults.
ORACLE - an off campus, independent study program.

8:15 to 2:20 and also late afternoon

Hours

Regular Program
8:15 to 2:20 Monday through Friday
High School Completion Program
3:00 to 5:00 Monday through Thursday

Enrollment

500 students in September 1978, increasing as facilities permit. New students are added **throughout** the year.

Curriculum

All required high school subjects, and most of the electives offered in other San Diego City Schools.

Autoshop and other electives

Varied arts and crafts program

Diploma

A diploma is granted when a student completes 32 semester credits, exclusive of PE, with not less than a 1.5 grade point average. Students must also pass competency tests in reading, writing and math.

Ethnically balanced
