Concerns Sheet

1. Hours per week - more (how much) than I have now of job

2. Is it possible to get a bit closer to one's school?
— Frank Brinkman

3. No problems - Mrs. Landreth

4. Eric Callard — No PROBLEMS.

5. Regina Carey - Have not received assignment

6. Dede Hapner-McClurg — Received no ~~[illegible]~~ assignm.

7. Helen Teague - prefer Iritt1 or Sritt1 + if possible in my major work area which is generally East San Diego North + West — not critical but would help organize my time

8. Joy HANNA: I very much wanted to be assigned to Cooper Junior High. (I was assigned to Mann) If I can not be assigned Cooper, I would very much prefer an elementary school assignment. I wanted to be at Cooper because I am considering a placement there for my child. I would prefer the elementary instead of any other junior high because I hold an elementary teaching credential and would be more effective at that level (?)

DOUG HOCKING - I HAVE BEEN ASSIGNED TO EINSTEIN JR. HIGH, AS A COLLEGE ACADEMIC/ADMISSIONS COUNSELOR I MIGHT BE MORE USEFUL IN THE SENIOR HIGH LEVEL, HOWEVER I AM WILLING TO REMAIN AS ASSIGNED, I LIVE IN MIRAMESA WHICH SHOULD BE CONSIDERED. THANK YOU.

Dorothy J Pannek — I have been assigned to Morse High School and at present I do not see any complications other than I have worked with younger children. I feel I would like to have the experience in this age bracket.

Benjamin E Brookman
5997 Flippen DR 92114 — Because of my work schedule I will find it impossible to be a monitor during other than my lunch hours. I will be working primarily near Rosecrans & Midway if arrangement can be made my lunch can be used for monitoring a school.

Wanda Youngs-Brockman — Due to my work schedule and school schedule I would like to be assigned to a school closer to my home.

Eric Kangas — Preferred Lincoln H.S., as it is located only one block from my Job — Instructor at Ed. Cultural Complex; In addition, since my backgd is Math-Science (M.S. chemistry), I could best evaluate quality in programs directed by Counts to implement math-science type specialties. However, I will go where ever directed.

Chuck Scherl — Currently assigned Wright Bros. School. Would prefer to be assigned school near my placed of employment in Kearny Mesa. i.e. Kearny Mesa, Linda Vista, Serra Mesa. The school itself makes no difference.

When I volunteered I said I only wanted elementary, but I have been assigned to O'Farrell Jr. High. I still say I only want elementary. I live in Clairemont at corner of Balboa Ave. & Morena Blvd. O'Farrell much too far away.

I'm assigned to Hearst. For years I worked in S.E. as a District Counselor -- I feel rather disappointed and underutilized. But I'll serve in any elementary where needed.

I've been assigned to Scripps which is not directly involved in any of the prog. — I would prefer a school more actively involved.

Any chance for Senior High? All my working life has been with that age - teacher, counselor, scholarship, etc. & I know how to talk to that age & think I know more about how things shd work

Mary Kreimel

Bell is my assignment. It is not in any direct program until summer. It is very far. I asked to be near my home. I don't mind travelling but I want it to be worth the time.

Bea Van Dyke — assigned to Torrey Pines but distance too much. prefer Linda Vista or Clairemont or any place closer than La Jolla

Lois M. Miller — previously requested High School in Living area. As I am a very cautiously driven, do Kearney or Clairemont possible?

Dear "Task Force",

Though I realize that this is something of a petty gripe, I do want to register a complaint about the short notice we received of this meeting. In my own case, since I normally work on Saturday mornings (and have 3 children who require at least some attention during the day), rescheduling and arrangements had to be made. It would have been far easier if I had known 2 weeks or more in advance, rather than 4 days. I doubt that I am alone in this problem. I think you could have done better!

Message One of my monitors, Frank BRINKMAN who is assigned to Silvergate School would like to be assigned to a school in the La Jolla or University City Area. He lives in La Jolla, is ill, and has poor means of transportation; being assigned to Silvergate would place a hardship on him.
