Gentlemen:

It is my understanding that Mark L. Brown (B-27757) will be coming before your board for parole review in the very near future. Because of this, I would like to say a few words in his behalf.

Mark Brown was one of the young people who helped work in my campaign in 1968. Since that time Mark has obviously had some problems. But remembering the type of person he was, I am sure that if he is released especially with a job waiting for him (which I understand is the case) and the kind of support people like myself are willing to offer, Mark will have a good chance to become a highly responsible and productive citizen.

Since I have been a member of the Corrections Task Force of the California Council on Criminal Justice, my concern for and involvement in corrections has heightened and I am very concerned that we take the most appropriate action possible in each case, i.e. for society's benefit.

In the case of Mr. Brown, I believe you would be serving society well to grant parole.

Sincerely yours,

Leon L. Williams
