Mrs. Behunin of Pacific Telephone said, as it stands, they haven't been able to get any additional information other than what she told me last week.

She did call subscriber in Maryland and the names of Janet Douglas and a Steve Luckett was given.

Arizona party would not admit receiving calls but do have relatives here in S.D.

If we can establish evidence that the above mentioned persons made calls, Telephone Co. can bill on Miscellaneous bill

or they have telephone listed under their names, can be transferred to the phone bill, however, they will have to admit that they made the calls.
