Dear Mr. and Mrs. Neal:

Thank you for your letter regarding the proposed Sycamore Ridge mining facility and the North County Landfill Siting Study. I appreciate the fact that, as home owners you have concerns about land use decisions that affect your vacation home.

With regard to the Sycamore Ridge proposal, be assured that I will weigh all points of view when this issue comes before the Board of Supervisors later this month.

In response to your inquiries about the Campo Indian Band reservation, please understand that their facility is still in the planning stages. It does not now, and may never, exist. The environmental soundness of the site has come under heavy attack from many sectors. In addition, the Board of Supervisors has taken a position against shipping waste away from its area of origin and against privatization in matters pertaining to landfills.

Again, I wish to thank you for bringing your concerns to my attention. If my staff or I may be of assistance to you in the future, please do not hesitate to contact me.

Sincerely,

Leon L. Williams
