Dear Frank,

Thank you for your recent correspondance regarding H.G. Fenton's proposal for Sycamore Ridge. I appreciate you taking the time to express your concerns.

You have outlined some excellent points in your letter. While I do not necessarily agree that Sycamore Ridge is an "ideal" location for a quarrying operation, I certainly recognize the need for aggregate sources within the parameters of our County.

Please be assured that in reviewing the testimony given on this issue, I will listen to all points of view, and will give careful consideration to all the pertinent facts relating to this case.

Thank you, again, for writing. If my staff or I may be of future assistance to you, please do not hesitate to contact me.

Sincerely,

Leon L. Williams
