

Dear Entrepreneurial Network supporter,

Recently, a golden opportunity was realized as two of the largest and most active SDSU alumni chapters – Business Alumni Network and Entrepreneurial Network – joined forces. The resulting “merger” represents aligned organizational objectives and united member interests, with a combined strength of over 400 passionate, entrepreneurial and business-savvy SDSU alumni.

Valuable Benefits!

Effective immediately, all members of SDSU’s Entrepreneurial Network will be part of a larger, stronger Business Alumni Network (BAN; <http://chapters.sdsu.edu/business/>).

Enhanced chapter benefits include:

- Discounts to all BAN events, which feature both professional and social networking opportunities with fellow business alumni and friends;
- Invitations to premier SDSU College of Business events, including those hosted by the internationally renowned Entrepreneurial Management Center;
- Ability to interact with faculty in SDSU's top-ranked international business and entrepreneurship programs;
- Opportunities to mentor undergraduate business and MBA students;
- Access to SDSU resources for starting up and growing your business (including Career Services and SDSU’s library); and
- Awareness and exposure to the latest news and achievements at SDSU’s College of Business.

Special Offer!

In celebration of the EN-BAN merger, members are encouraged to take advantage of an exclusive subscription offer from San Diego Business Journal for only \$55* per year (including the Book of Lists)! To subscribe, or for more information, please visit <http://advancement.sdsu.edu/alumni/sdbj.htm>.

We look forward to your continued support and active involvement in the new and improved Business Alumni Network. Remind your friends about our terrific organization (remember, you don’t have to be alumni to join!) and *Go Aztecs*.
