MAY 7 -  
at Work

Dear Annie

I talked to the lady in charge of volunteers and she said sure, they'd be pleased to have you helping here. Just fill out the form I'm enclosing (be sure you put español under "foreign languages", - lots of patients here seem to speak Spanish) and send it in - when you get here they'll put you right to work for as long or as short a time as you want. You won't have to ride city buses to get here either - I'm sure you can get rides with the other people working here.

Becky just called and we were talking about this - she wants me to make sure you want to work here; doesn't want me to pressure you into anything. Okay, no pressure. Work any amount of time you want - or none at all if you try it and don't like it. I don't

think you should work here more than three  
days a week. Lots of other things to do

in D.C.

Also Freeman got ~~the~~ \* A Toyota so now  
we have something to barter around others  
country side in.

P.S. also please put in that you'll be coming  
for most this summer and living with boo-boo +

\* not a car - An Heavy-duty vehicle
