South Pasadena, California 91030

Dear Ann,

Thank you for your nice, interesting letter. Some day soon, I hope to get the half cast off so i can write easily. This left hand typing is very laborious. Life has been very uneventful for me for too long. Today i wanted to have my car washed by the hi school students who are raising money for their grad. night train trip to san diego, where they will dance and spend the night at a hotel. this has been their practice since several students were killed ten years ago after the usual party. Isn't that a fun idea - train trips are a real novelty these days. We should at least try to keep up with Japan.

More later. Lots of love. Your friends & teachers must have missed you when you were sick. You can bank the check or buy something you would like.

Dear Ann.

Mr. Cassel is
waiting to read
these letters so
will write you
another day -

Much love

C.
