Dear Fellow Alumnae,

I think I did this a couple of years ago, and nothing is much different, but apparently you don't have that. I do not object to doing it again; it's just that there's nothing exciting or unusual in my life.

I attended State in fall of 1940 through till Christmas of 1941 - you remember, Dec 7, 1941.

(So I was only credited with 1 year.)

I worked at the Post Office for Christmas, but it grew into 10 years. Oh, I'm Margaret Lockhead Goldsmith, did join Epsilon Pi Theta Sorority in fall of 1941; that sorority went national as Kappa Delta which I also joined.

Now I'm back with FTT @ alumnae who continue to meet alternate Mondays. Great group!

As I mentioned, I stayed with the P.O. for 10 years, during which time I was married and divorced with one daughter. ~~Later~~ Married

Charles Goldsmith who attended SD High and entered what is now U.S. Air Force — that marriage was Jul 1950. With him I have three more children, a son then a few years later, 2 daughters. All are now married, and thus far have given us six grandsons and one granddaughter.

My two later daughters graduated from Christian High of S. D. (now El Cajon) where I returned to employment by being ^{later} registrar for five years, from 1980-1986.

During that CHS service, Paul Russell, a SDSU grad, organized his first drama/musical performance on Mt Helix. I do hope you've heard since then of Christian Community Theater which now does two musical a summer

on Mt Helix, plus other performances. This relates because I offered to help with their 1st advertising mailing, which was 12 yrs. ago. Since that time he's dropped teaching & is in this business full time. I'm still involved with mailings monthly but more supervisory, in that we have over 20,000 mailing list. Still volunteering.

Sundays usually we are in church if not visiting some of family. Then with any other time I enjoy sewing, gardening usual domestic activities, and visiting or writing to friends.

Oh, should I mention I'm somewhat active ~~politically~~ ^{politically} in that I'm concerned about the direction our country is going, particularly the moral breakdown.

I've written as tho' I were chatting with you. This should be very appreciated if printed. I think my life has

been very average, neither
tragedies, nor outstanding achievements,
but for me, very blessed and
rewarding.

Sincerely

Margaret Goldsmith

P.S. Seems there were two
Fritzenholler brothers at
State while I was there, - Herman,
and ? - I'm a "people"
person - I pour over any
"State" publications with names
of whose who, what they're doing
etc, can rejoice with others
successes, grieve with their
problems.

Hope this isn't too long and
boring.
