

I married Watson Culver in July '32. In September '32, I began a teaching career that lasted 28 years. I taught in the primary grades while in the San Diego and La Mesa school systems. In El Cajon, I taught the intermediate grades.

During those years, we had three children, a daughter who now with her husband lives near Medford, OR. They have three children and four grandchildren. Another daughter and her husband live near Boulder, CO. A son and his wife live near Plattsburg, NY. They have one son now living in La Mesa.

My husband and I enjoyed many years of travel. We covered every country and principality in Europe by car. We also visited Alaska and Canada several times, and made trips to New Zealand and Australia.

I retired from teaching in 1973. The following year I was widowed. In 1983, I decided to move to Medford to be near family. I lived in a retirement complex for about five years but decided it wasn't for me. I then moved to Talent, OR where I enjoy living in an attractive community of 55 and older adults.

I'm in excellent health, so I continue to enjoy traveling about the world, especially on cruise ships.

My latest adventure (last January) was a three week cruise to Antarctica and South America. I have three more trips scheduled for this year. My other interests include family, church, P.E.O., volunteering and bridge.

Campus activities:

Sigma Pi Theta sorority

President of Senior Class '32

President Intersorority Council '32

Vice President Student Council '31

Student Council '30

Treasurer-Freshman Class '28-'29

Present address:

333 Mountain View #84
