

BETTY (SENECA) OGRAM '41 May 29th

Dear Helen -

Sorry to be at the last minute - we've just been a little involved -

How nice that you keep in touch so beautifully. I really have nothing spectacular to add to any previous writing, unless a hole-in-one is eligible. ☺

But I do like to reflect on having three nieces and nephews, one daughter, one son and one daughter-in-law all San Diego State grads.

If anyone has information on the whereabouts of the Pledge class of '37 in "Then Ys" I surely would love to hear where they are - and an opportunity to contact them -

Good luck in your latest, or I should say, present presentation -

And hi to Betty B, too !

Fondly, Betty Seneca Ogram
