GERRY GEDDES WATTERS

May 10, 1994

Dear Helen:

I received the notice of the Pre-50's special edition and decided this year I would send my "stuff" in - Since I didn't graduate from State, I always felt rather insignificant, but when I saw you were the contact, I decided I would contribute my minutiae. I just did the newsletter for our 50 year Hoover High Reunion and I know what a job it is and how much you would like to hear from everyone. The years have rolled along - I see you're still in the neighborhood! Would love to hear about your family - Much has happened in our lives since our kids were having fun together. I still make your Swedish pancakes every now and then!

I'll try to give you a brief sketch:

**Gerry (Geddes) (Buss) Watters
1469 Golden Harvest Lane
El Cajon, CA 92019

Year: 1947

Affiliations: Phi Sigma Nu Sorority (Phi Beta Phi)

After leaving State, worked for the U.S. Navy (war time). Married in 1947. Raised family of 3 - two daughters, one son. In 1965 returned to State to work at Aztec Shops in the Bookstore for 8 years. Left in 1973 and began working as a legal secretary, which I have been doing for over 20 years, the last 8 years as a "temp", thus allowing the freedom to be selective and take time out for vacations. Divorced in 1975 and have now been married for almost 18 years to Clarence Watters, SDSU, Eta Omega Delta (HODs). We enjoy a lot of traveling, and I'm beginning to think of retirement and golf as additional hobbies.

Well, there it is. Not sure what format you want, but you can edit it. When we did our newsletter, we suggested "100" words and you should see the variety of things we got! I wish you great success with getting this all together. I know the work it takes, but how rewarding when it's finally done! It would be good to see you, Helen - if I ever get out of this work routine, maybe we could get together to chat over old times.

Sincerely,

Gerry
