SUBJECT: THE CONFIRMATION OF JUDGE EARL GILLIAM  
BY: HAROLD BROWN

The confirmation of Judge Earl Gilliam was applauded by many San Diego citizens. The persons who assisted in removing the block from Judge Gilliam's appointment are to be congratulated. These people, of varying racial, religious, and political backgrounds sensed an injustice about to take place and telegrams, telephones, and personal visits were used to alert others throughout San Diego, and the rest of the country to the potential injustice.

This should serve as an example to those who would place color, and political party above justice and equality for all. Judge Gilliam is not only qualified, he is well qualified and deserved the appointment to the federal bench.

We thank those who were instrumental in bringing the U.S. Senate to its senses.
