HARRY WOOLEVER Students Named Citizens

Students of Sherman Elementary School have once again selected their "Good Citizens of the Month."

Harold Woolever was one of the 25 students chosen to receive a Good Citizen Certificate from Principal Harry B. Ohlson at an award assembly held this week.

Others similarly honored were Mary Ann Belmont, Milton Gore, Michael Robbins, Fred Marquez, Irene Rubio, Robert Gutierrez, Esther Padilla, Kimball Laird, Lenore Tune, Antonio Garcia, Nicholas Sanchez, Ernest Castillo, Dianice Whitehead, Maria Lopez, Betty Johnson, Wanda Clay, Maria Catalan, Shella Solorzano, Alvin Taylor, Dolores Rios, John Williamson, Gloria Valdez, Dellon Tam, Milo Tingzon, Kim Skaton, Marion McCutcheon and Robert Alerson.

In recognition of Luther Bunk, whose birthday was celebrated March 7 in California, all students of Sherman School were asked by their room representatives not to harm trees by swinging on branches that are too small, or by pulling off leaves and littering play areas.

LOMAX DECLARES:

American Norm Must Be Revised To Include Negro

BY SHERMAN S. SKEETE
Independent Staff Writer

"I am terribly frightened when I think of what is in store for America," declared Louis Lomax, author, during a talk given recently in Peterson Gym, San Diego State College.

"We have produced in this country an entire generation of Negroes who, I fear, are beyond motivation. Their unpreparedness to enter the mainstream of American society results in a monster that can destroy you."

MORE THAN 300 individuals listened to a coldly dispassionate appraisal of life in these United States and nervous laughter underscored the tragic indictment of the situation.

"FROM THESE disadvantaged and underprivileged people, came a large number of recruits for the Black Muslims," he said.

From the outset, Lomax unloaded wry humor as in his observation when a microphone cord was looped about his neck: "I don't like cords put around my neck. I am from Georgia, you know."

The audience laughed and Lomax said: "For me, when an audience laughs at the beginning of a talk, that's an act of desperation. At the finale, if it is an act of charity."

LOUIS LOMAX

FROM THERE on, there was not too much to laugh about, as, in relentless pursuit of his theme, he completely at his mercy, to see themselves as others see them.

HE EXPLAINED the American norm.

"This norm is the white, Anglo-Saxon, Protestant, middle-class male," he said.

Pointing to the audience, he scornfully exclaimed: "The Jew, the Mexican, the Indian and the Negro don't count. And you girls don't count, either."

He pursued his topic with an illustration of the white man's (Continued on Page A-3)

Big Fair Termed Bad Bet

BY BETTE FINE
Independent Staff Writer

A 1969 World's Fair proposal for San Diego which could bring 15 million visitors to this city was re-considered this week by key business leaders at Mayor Frank Curran's general attitude of the city's top executives was "thumbs, but no thanks" and many expressed the opinion that a World's Fair no longer has wide appeal.

A Chamber of Commerce spokesman said, after the meeting, that he felt that the city would be buying at the seams while the fair was in progress, but would be left with serious problems such as empty hotels, restaurants and unusable buildings.

Douglas Giddings, committee chairman, will ask for city funding of a feasibility study for the fair which will require over 300 acres of vacant land.

BUSINESSMEN are reluctant to take action until a preliminary study for the 184-day fair, which might be held between April and October of 1969, is analyzed.

THE STUDY was introduced by Joseph B. Scholnick, public relations vice president of the California World's Fair Corporation, who said he could deliver the B.F.E. (Bureau of International Exchange) (Continued on Page A-3)

NEWS in brief

Ministers Send Wire To President Johnson Expressing 'Horror'

A demonstration of sympathy and support for the voter registration drive in Selma, Alabama, was held yesterday noon on the steps of the Federal Court House, Union and F Streets. It was preceded by a march, leaving Fourth and Date Streets at 11:30 a.m.

Plans for the demonstration were made by a group of 24 clergymen who met late Monday evening to discuss the appeal of the National Council of Churches for support on the part of churches for the Selma voter registration drive.

YESTERDAY'S meeting began when the Rev. Charles Dolien, librarian at the University of San Diego, offered a prayer as spectators knelt on the steps of the Federal building. Dr. Kermit White, pastor of the Mission Hills Congregational Church, read a statement expressing the convictions of the participating clergymen. The demonstration closed with prayer offered by Rabbi Joel Goor, spiritual leader of Temple Sobel.

A SPECIAL invitation was issued to the 500-delegate Presidency of Los Angeles to join in the march and demonstration. This official body of the United Presbyterian Church in the U.S. was conducting a three-day meeting at First Presbyterian Church in San Diego.

At the late planning meeting Monday evening, the clergy adopted a resolution which read: "Horrified by Sunday's incident in Selma, Alabama, we believe the Federal Government must intervene for the protection of her citizens. The President under whom we all wish to live must be achieved at home as a base for our attempt to share it abroad."

THE CHURCHES also dispatched a night telegram to President Lyndon B. Johnson. In it they declared: "We, ministers representing several denominations, aroused by incidents in Selma, Alabama, implore you to intervene. The state of Alabama is acting contrary to Federal law in denying voting rights to some citizens. This deplorable situation must be curbed. We believe it is incumbent on you to exert the full force of the Federal Government, not excluding the use of federal troops, in bringing about justice."

THE TELEGRAM was signed by the following ministers, whose church relationships are given for identification purposes only: The Rev. Harold E. Kell, executive director, San Diego County Council of Churches; the Rev. Annie Severson, president of the council and pastor of Our Savior's Lutheran Church; the Rev. Morgan W. Tann, Logan Temple, A.M.E. Zion Church; the Rev. Richard B. Schwartzgel, Calvary Presbyterian Church; the Rev. James R. Hadley, Rolando Methodist Church.

Also the Rev. John A. Baxter, Trinity Presbyterian Church, Spring Valley; Dr. Lynn E. Boick, Northminster Presbyterian Church; the Rev. James A. Covington, Christian Church, Spring Valley; Dr. Lynn E. Boick, Northminster Presbyterian Church; the Rev. B. Schwartzgel, Calvary Presbyterian Church; the Rev. James R. Hadley, Rolando Methodist Church.

'We Demonstrate... To Protest Injustice'

The following is the full text of the statement read by Dr. Kermit White on the steps of the Federal Courthouse yesterday, during the Ministers' March of Protest concerning racial injustice.

Last Sunday men, women and children were tear-gassed, land, Alabama has deliberately beaten with clubs, charged, abridged and refused to support the basic rights of Negroes. During this same period of 95 years, during this same period of 100 years, our country has ignored the rights of Alabama state troopers. Our American goal of political expediency, entrenched in racism and general apathy, and this goal reveal even now new wounds of both black and white men in Selma, Alabama, as they struggle side by side for freedom.

WE JOIN others throughout this nation in expressing shock over the brutal events of this past Sunday and as they continue to this moment in Alabama. We raise the voice of religious conscience to protest racial injustice.

WE DECLARE unequivocally that the lack of justice in Selma is a threat to a sense of moral duty not only as citizens, but as ministers of the Gospel. We are in conflict with just rights of citizens. We sent a night telegram to President Lyndon B. Johnson this past Monday night as follows:

"We ministers representing several denominations, outraged by incidents in Selma, Alabama, implore you to intervene. The State of Alabama is acting contrary to Federal law in denying voting rights to some citizens. This deplorable situation must be curbed. We believe it is incumbent on you to exert the full force of the Federal Government, not excluding the use of federal troops, in bringing about justice."

To witness is to act. We appeal to you, to everyone, to respond to the voice of conscience, to join the forces for justice and freedom for all men. Remembering as with Martin Luther King, Jr., that love without justice is not love; justice without love is meaningless.

FOR OVER 30 years the Negroes have been denied their constitutional and God-given rights. On March 30, 1870, Article XV was added to the Constitution:

"The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of race, color, or previous condition of servitude."

LAY INSTITUTE OF EVANGELISM, to be held in San Diego April 4 to 10, was discussed at a recent meeting called by A. Paul Sutherland, left, institute chairman of business men. With him are, from left, the Rev. George D. McKinney, St. Stephen's Church Crusade for Christ.

American Norm Must Be Revised

(Continued from Page A-1) Lomax, at this point, was referring to the Boston Tea Party and the audience winced as it relates to the American characters and word associations dealing with the adjective "Liberal" and "White." "The Negro," he said, "wouldn't water by the blood of revolution and there are times when all good men should be in jail—contaminating injustice," continued Lomax.

"You can't talk to Vietnam, Cuba, the Philippines, Africa, China or to Latin America. You don't know how they feel." "Speaking about Cuba, we had Cuba in our hand 400 years before the birth of Karl Marx. Who goofed?"

"OUR ONLY redemption is to rethink the American norm, and to desist from making tests, standards, and symbols revolve around ourselves."

WE ARE to exploit the native potentiality of all our citizens regardless of cultural background, and we are to adjust our economy so that people can get paid for doing nothing.

Automation is eliminating jobs faster than we can imagine. When it is seen that we spend 50 billion dollars for a war we hope doesn't come, and dump millions of eggs, tons of butter and wheat and gallons of milk into Lake Michigan to stabilize prices, paying people for doing nothing makes sense.

"No Negro in this country is completely at ease. People are born hungry, and America is too rich to permit starvation of its citizens."

At the close, there was a stunned hush before Lomax was almost mobbed by a ring of admirers requesting autographs.

TEACH YOUR children sound safety precepts, but don't teach them by example. Children are in great imitators and other adults. If you run out from your car, you are teaching them to do the same.

Vietnam 'Myth' Exposed

The official myth that has been developed by the Kennedy and Johnson Administrations is that the United States is in South Vietnam to protect that country against subversion and aggression from North Vietnam. It was the categorical condemnation made by Lawrence Shumm in a speech this past week.

Those who heard his sentiments were in attendance at the Frederick Douglass Hall, and endorsed the Young Socialist Alliance in its proposed march on Washington on April 17, protesting America's involvement with the South Vietnamese.

"The U. S. Government is not there (in Vietnam) to protect the country from aggression, but rather is there to suppress a popular revolution."

"From 1960 to 1965, the Viet Cong has grown from small weak and scattered guerrilla units into a regular army of over 40,000, and a secondary guerrilla militia force of 100,000 stands in the background."

"At the present time, the Viet Cong controls 80 per cent of the country," he said.

ANN LANDERS

Dumb Dora Not So Dumb

Dear Ann Landers: In September I hired the daughter of a close friend to do secretarial work.

The girl can't spell, and she has never heard of the comma. She's a poor typist and can't handle the telephone property. She came in late three mornings last week and took double lunch hours. This young lady's father has done me many favors and I value his friendship. I'm sure he would be unhappy if I fired her. He believes she is brilliant and has told me repeatedly that she loves her job. Please answer in the paper. The dumbbell opens my mail. — IN A SPOT

Dear Spot: You are paying a girl who can't spell, type or handle the phone; a girl who comes in late and takes double lunch hours — and you call her a dumbbell? Give this dear her walking papers and find your next secretary through a classified ad in this newspaper.

A friendship that hinges on keeping an incompetent relative isn't worth worrying about.

Landers Face Truly Hears

Dear Ann Landers: Recently I saw your picture in the paper. You were wearing a cap and gown and receiving an honorary degree from Morningside College in Iowa. You look like a college senior.

Several months ago my mother and I had an argument over you. She didn't believe me when I told her I had read somewhere you had had your face lifted. I showed her that picture and she said, "Maybe it's true."

Do you have the nerve to print this letter and your answer? — ALEXANDRIA

Dear Alex: The camera can be a woman's best friend or her worst enemy. Angles, lighting, shadows, (not to mention retouching) can add or subtract 20 years. The United Press International cameras were especially kind

to me on that memorable day.

Face-lifting is fine for those who, for professional or purely personal reasons, feel that a youthful appearance is absolutely essential. I don't — and when my face falls, I'm going to let it lie there.

Night Life Not For Tots

Dear Ann Landers: I am a divorced man going with a wife five years ago.

Mr. Marvelous wants me to marry him, but one thing is holding me back. He is full of my children. Debbie is 5 and Randy is 7. They are energetic and high-spirited. I insist that the children be included in evening activities, particularly cultural ones. In my opinion it is more important for children to see an orchestra than to see a 7:00 p.m. I believe, too, that children should be taken to poetry readings and lectures so they can learn how to conduct themselves in public.

Mr. Marvelous does not agree. He becomes upset when Debbie and Randy misbehave or become restless. I love this man and the children adore him in spite of his strict attitudes, but I'm afraid he will be too hard on them. Please advise. — V. Q. Z.

Dear V. Q. Z.: If you are smart you'll grab Mr. Marvelous — he sounds too good to be true. Furthermore his ideas are far more sensible than yours.

Five and seven-year-olds don't belong out at night — whether it be opera, adult lectures or poetry readings. Youngsters often are tired and bored. Marry this man and accept his help. Your children need it.

Council To Combat Extremism

The first public meeting of the newly formed Council For Public Responsibility of San Diego County will be held Monday, March 15, at 8 p.m. in the First Unitarian Church, north end of Front street, opposite County Hospital.

The council is a non-partisan, non-profit educational association to promote a sense of responsibility for truth in public communications, and to combat misleading, false or distorted information disseminated by extremists.

Purpose of the meeting is to organize the association, accept new members, elect a board of directors and lay plans for future activities.

WALTER WENKE
Wenke New President At Time

Walter Wenke, attorney, and major stockholder in Time Savings and Loan Assn., has been elected president of Time Savings, succeeding Harry B. Sugarman, who has been elevated to chairman of the board. Wenke, who is chairman of the board of U.S. Tuna, Inc., and a director of the Republic National Bank of San Diego, also was appointed as a director of Time Savings.

"This addition to top-level management is due to the increasing growth of the association," stated Sugarman.

"In the 18 months since our opening, our progress has been rapid. Evidence of our growth can be seen in the increase of deposits, which have grown to \$11.2 million as of Feb. 28 of this year, more than doubling deposits of \$5.5 million as of Feb. 28 last year.

"Time Savings, in 1964, earned approximately \$125,000. In addition to this amount, approximately \$50,000 of added income earned during the same year has been deferred to future periods."

Sugarman stated that Wenke's successful legal and business background, combined with his youth and dynamic personality, will lend added stimulus and continuing growth to the organization.

Wenke was born in New York City in 1924. He is a graduate of Columbia University and Harvard Law School, and has been admitted to practice before the Supreme Court of the United States. He served as an officer in the U.S. Army Military Intelligence from 1943 to 1946, and speaks six languages fluently.

Wenke came to San Diego in 1956, and until 2 years ago, was in continuous practice as an attorney. His wife, Kay, daughter of Wendell, and son, Wayne, 4, round out his family.

Ministers Invited to Institute

Plans for the participation of San Diego County ministers in the Evangelical Institute of the Church of the First Presbyterian Church of San Diego, are progressing under the direction of Dr. I. Larry Clark, president of the San Diego County Ministerial Association.

Dr. Clark met last week with A. Paul Sutherland, chairman of the businessmen's division of the institute, and reported that of 800 ministers invited to attend, more than 100 have accepted.

The institute is open to all men and women, and to students aged 13 to 21 years of age. A free information session will be held Sunday, April 4, at 5 p.m. at the church. Interested persons may register at that time.

Registrants will have a choice of morning classes from 9:30 to 11:30, or evening classes from 7:30 to 9:30. A special students' class will be scheduled.

Training will be conducted by the Lay Division of Campus Crusade for Christ, with Dr. William E. Bright, international director and founder, as lecturer. Lectures will be followed by one hour classes. A fee of \$5 per person will be charged.

Table Tennis Players Meet

The San Diego Table Tennis Club, in cooperation with the Park and Recreation Department, will hold its fifth annual Pacific Southwest open championship tournament on Saturday and Sunday, March 13 and 14 at the Electric Building, Balboa Park.

The tournament is expected to draw the top table tennis players in California, most of whom are top seeded players in the United States. Finals for the major events will be Sunday at 7 p.m. The public is invited to attend all the events without charge.

HUNTING is no longer solely a man's sport, says National Automobile Club. More than 1,000,000 women are licensed hunters in the United States.

Vision Week Observed

National Save Your Vision week is being observed this week, under auspices of the San Diego County Optometric society.

Dr. Donald Mitchell, society president has named Dr. Alan Likier, North Park optometrist, as chairman for the event.

Dr. Likier is director of the department of public information for the society, and is the past-president of the local chapter of the National Optometric Association, which has since been merged with the California Optometric Association.

"Four out of every 10 elementary school children have visual problems, which in most cases, can be remedied by optometry," said Dr. Likier.

Independent Food and Family

THIS CURRIED shrimp and rice dish is quick and easy to make. The new vacuum sealed components include carrot and celery sticks and chutney.

Convenient Vegetables Star in Hearty Entree

The usual procedure is to cook frozen vegetables in their vacuum sealed envelopes, empty them into a serving dish, and bring them to the table with all of their food values intact. But their possibilities don't end there. Vacuum sealed vegetables can be combined with other convenience products to produce hearty entrees that take a minimum of time and effort.

Traditional curry dishes are complicated affairs, but here is a modern recipe for a Curried Green Bean and Shrimp Supper Dish that takes advantage of these and other convenience foods such as vacuum sealed French green beans in butter sauce, the vacuum sealed French green beans are prepared according to package directions. When both are ready, the vegetable is poured over the curry dish to add its enticing flavor and delicately seasoned butter sauce to the rice and shrimp mixture.

With this western version of an eastern dish serve crisp carrot and celery sticks and an assortment of condiments such as chutney, raisins, chopped peanuts. You couldn't find an easier or more delicious dish for supper or lunch, and there's a minimum of package. Four over top of rice mixture. Makes about 6 cups or 4 servings.

Curried Green Bean and Shrimp Supper

1 can (10 oz.) frozen cream of shrimp soup
1 1/2 cups water
1 1/2 teaspoons curry powder
1/2 cup flaked coconut
1/2 cup packaged pre-cooked rice
1 package (9 oz.) frozen vacuum sealed French green beans in butter sauce
*Or use 1 can (10 1/2 oz.) condensed cream of celery soup

Bring soup, water, curry powder, salt, and coconut to a boil. Stir in rice and shrimp. Simmer, uncovered, over low heat until rice is tender—5

minutes.

Home Funds Sought

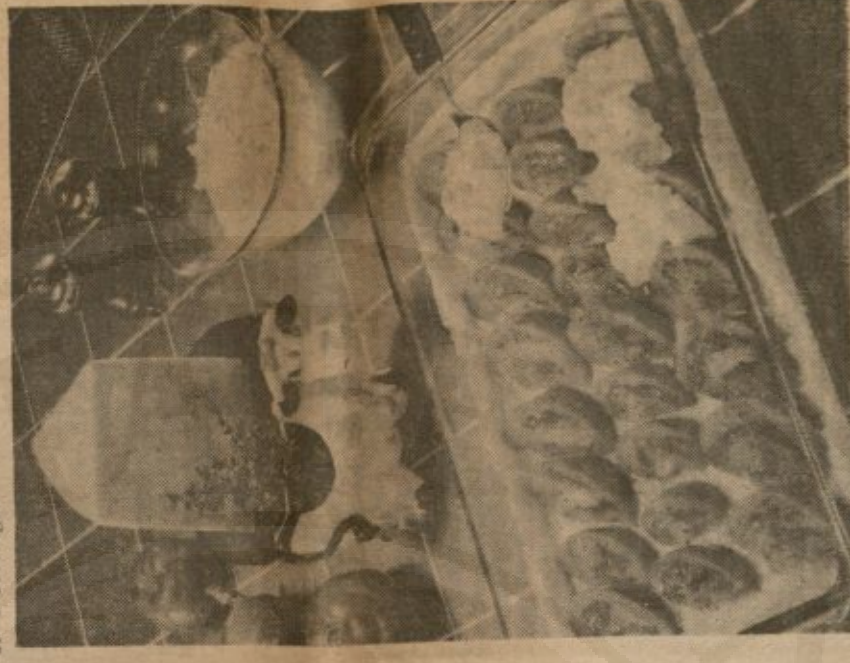

A county-wide drive to raise the \$1.5 million needed for construction of the Home of Guiding Hands, a residential facility for mentally retarded children is underway here.

The first construction phase on the 14-acre site on Los Ranchitos Road near Lakeside, will include administration building, dispensary, central kitchen, training unit and eight family living units which will house a total of 152 children.

LATER CONSTRUCTION will provide a chapel, swimming pool and 12 additional family living units bringing the total capacity of the Home to approximately 600 residents.

ADMISSION TO THE HOME will be based on need. Minimum requirements are that a child be three years old and retarded. To date, over 125 requests for applications have been made by parents or guardians of retarded children. The home is being sponsored by the Lutheran Church.

John H. Fammie, president of General Dynamics, Convair, is general campaign chairman of the campaign to raise the \$1.5 million needed for construction. C. Arnholt Smith, president of U.S. National Bank Westgate California Corporation, is vice chairman.

THIS PASTARONI with its wonderful flavor combination of tomatoes, dairy sour cream, cheddar cheese and onions is a protein-rich meatless main dish that can't be beat for gal-lating raves from the man or men in your life. Recipe today.

Dairy Products Star In Meatless Dish

Dramatic Blue Opens New Vistas

By DOROTHY DRAPER

How blue can blue be? Well, today the color coordinators are singing a new blue note and it has nothing to do with the Alice Blue Gown of the baby bonnet blue.

As the beatniks would say, "Man, that's blue!" The new blue is a bright, deep intense blue and combines in heavenly definitions with snow-white, the new pineapple, mustard, butter-scotch and green, sage, and even a bit of red apple dropped casually about.

IT OFFERS a whole new palette to work with, and any room done up in this blue bears the stamp of "today." Partners contribute to the forest of a room. Or, if you are fired of mixing, why not try an all blue room, in varying shades of blue, sparkling accessories? Then what's a man to make a pretty picture on the blue horizon.

Dear Mrs. O. R.: I would like to purchase new end tables and a cocktail table for my living room. However, I have a problem. My chairs are French Provincial with mahogany trim. What kind of wood can I use and what styling for the tables? Is it permissible to mix woods of different finishes in one room? Dear C. V.:

Yes, it is permissible to mix woods of different finishes in one room. If you like French Provincial furniture why not look at your tables in that style in a wood that will go well with your present furniture.

Mrs. R. F. S. asks: We have a fairly large bedroom, paneled in wood. Curtains on a wall of windows looking onto a garden are in a light, bright yellow. Floor is cork tiled with beautiful Chinese blue rugs on it. What should go on the bed? Dear Mrs. R. F. S.:

With your wood paneling and blue Chinese rugs, why not have your bedspread in the light bright textured yellow to match your curtains? Mrs. Duquesne asks: Can I use a bedspread that is 7 feet 6 inches wide and 9 feet 6 inches long? I would like your advice on color for my bedroom. The hall halfway up is a soft

A RESTAURANT assortment of rolls, fresh-baked at home, can turn a cossette supper mix into a feast, a roast beef company dinner or bread basket full of goodies.

Assorted Hot Rolls From Basic Recipe

Easy shaping and flavoring tricks make possible a bread basket full of assorted hot rolls, all from a single package of Pillsbury Hot Roll Mix and the basic recipe featured below.

From the recipe you can make a half dozen Sesame Sticks, six dainty Poppy Seed Sticks, six Sweet Honey Crescent topped with your family's favorite fruit or plain, and six Twin Rolls. Not expecting enough folk to eat all 24 rolls in one sitting? That's all right, because, aside from their other virtues, this delectable array keeps nicely in the freezer.

Wrap extras, each flavor separately, in heavy duty aluminum foil as soon as they've cooled completely. Don't plan to freeze, you can save sticky fingers by doing that when you reheat them. To serve frozen rolls, thaw at room temperature for one to three hours, or thaw and reheat in one quicker step by wrapping the aluminum-wrapped rolls for 25 minutes in a 300° oven.

Sweet Honey Crescent: Use a third portion of dough. Roll out to a 9-inch circle. Brush with 1 tablespoon butter. Cut circle into 6 wedges. Roll up wedges starting with wide end and rolling to point. Place point side down on greased cookie sheet. Brush with beaten egg. Glaze "hot" from the oven's drippings with a mixture of 2 tablespoons honey and 1 teaspoon grated orange rind. Top with 1 teaspoon of fruit, if desired. Makes 6.
Poppy Seed Braids: Use half of last portion of dough. Roll out to a 9x3-inch rectangle. Cut into 6 strips, 9 1/2 inches. Divide strips into thirds. Pinch together at one end. Loosely braid; seal other end. Place on greased cookie sheet. Brush with beaten egg and sprinkle with poppy seeds. Makes 6.
Sesame Sticks: Roll remaining dough into 6 portions. Using hands, roll off each portion to a 1-inch stick. Place on greased cookie sheet. Brush with beaten egg and sprinkle with sesame seeds. Makes 6.

Doll Parties Call for Tea Cookies

One of the most exciting days of the year for little girls in Japan is the day of the Doll Festival. Observed in March, the day is celebrated with a special tea ceremony. Colorful traditional foods are served, and the dolls, which are often family heirlooms, are served tiny portions, too.

Though not traditionally Japanese, these bright Gumdrop Jewel Cookies follow the custom of serving gaily colored foods to add to the celebratory atmosphere of the occasion. These cookies, served with mugs of milk, are sure to be popular with girls, and boys, everywhere.

GUMDROP JEWEL COOKIES

1 can (3 1/2 oz.) flaked coconut
1/2 cup milk
1/2 cup sifted enriched flour
1/2 teaspoon baking soda
1/2 teaspoon salt
3/4 cup shortening
1/2 cup firmly packed light brown sugar
2 egg yolks
1 teaspoon vanilla extract
1/2 teaspoon almond extract
1 cup small spice gumdrops, halved
Lightly grease baking sheets. Preheat oven to 350°. Combine shortening, sugar, egg yolks and vanilla. Beat in flour, sifted together, baking soda and salt. In medium-sized mixing bowl cream together shortening and sugar until light and fluffy. Stir in eggs and vanilla and almond extract. Beat well. Stir in coconut mix. Add flour all at once to creamed mixture, stirring until blended; stir in gumdrops, flours, 3 inches apart, onto baking sheets. Bake 12 to 15 minutes, or until lightly browned. Immediately remove to wire racks and cool completely. Store in tightly covered container. About 5 dozen cookies.
