SAN DIEGO, CALIFORNIA

THURSDAY, JANUARY 16, 1964

GREETING GUESTS Assemblyman James R. Mills (D-San Diego), far left, and John W. Johnson, executive director of the San Diego Branch of the Urban League (second from right), were honoree Judge Earl B. Gilliam, Mrs. Earl B. Gilliam and Mrs. J. Earl Gilliam (the newly appointed judge's mother). The Sunday afternoon informal reception, given at the home of Mr. and Mrs. J. Earl Gilliam on Paradise Street, drew

hundreds of friends and well wishers out to pay tribute to the new Municipal Court Judge, the Earl Gilliam's six-year-old son, Kenneth, is shown at center, bottom—VOICE Staff Photo by Tony.

PART OF THE CROWD that filled the two spacious drawing rooms of the home of Mr. and Mrs. J. Earl Gilliam on Sunday during the reception in honor of newly ap-

pointed Judge Earl B. Gilliam is shown in this photo. More than four hundred friends and associates attended the huge reception. VOICE Staff Photo by Tony.

More Than Four Hundred Pay Tribute to New Judge

by Betty Reid

It wasn't a private reception. IT WAS STRICTLY for the public. The house was filled with high city officials, important judicial men, professional people and just plain, every-

day community men and women. It was the time on Sunday evening, when those from all areas of endeavor gathered at the spacious hilltop home of Mr. and Mrs. J. Earl Gilliam on Paradise Street to pay devoted tribute to our "first" judge — Earl Ben Gilliam.

The tone was unexcelled friendliness and warmth of well wishing, and as the dusk descended the affair took on the big, informal party atmosphere.

ON THE RECEIVING line for hours, shaking hands with hundreds of guests were Judge and Mrs. Earl B. Gilliam, Mr. and Mrs. J. Earl Gilliam (the judge's father and mother) and Mrs. Catherine Thomas.

Male hosts for the occasion included Messrs. Simon Cassidy, Ted Patrick, Rev. Grandison Phelps, and Armando Rodriguez.

Reception co-chairwomen were Mesdames Catherine Thomas and Betty Reid.

Dr. Kimbrough's Appointment Is Significant to Community

A DISTINGUISHED Negro dentist — Dr. John J. ("Jack") Kimbrough — received one of the most important appointments within the State of California when Governor Brown named him to the Board of Directors of the 22nd District Agricultural Association, San Diego County, on last Monday morning.

Kimbrough, 55, will sit upon a District Board of Directors which runs the state-owned Fair Grounds at Del Mar, the San Diego County Fair, the Southern California Exposition, and leases out the horse race track.

THE SIGNIFICANCE of the appointment of a Negro to such a post of responsibility was met by a feeling of approval by citizens of Southeast San Diego.

This is YOUR Fight!

By James Gilliam

The hue and cry of California citizenry for the next few months will be centered around the fight over the repeal of the Rumford Act which attempts to set up a just and equitable property purchase law for all Californians regardless of race, color, religion or national origin.

Yet, there are those who would destroy the effects of this act by repealing it. At the same time, they seek to make it impossible for any such law to be considered by California legislators. For all time, they want you to vote now to bind the hands of all future law makers so that laws which would stop the pernicious practice of discrimination could not be discussed or enacted throughout the millions of years to come.

To this writer, such a thing is unthinkable and smacks of the worst kind of idiocy ever perpetrated on the face of the earth.

Here, in California, the California Real Estate Association is asking the citizens of California to limit the law making possibilities of all the legislatures in the state's future history.

They are spending hundreds of thousands of dollars in the attempt to get the citizens of the state to vote the initiative to repeal the Rumford Act. But this is not enough for the bigots. They seek, at the same time, the legal and constitutional authority to make it legally impossible for the citizens of this state to give to the law makers the authority to make laws which are consonant with the times.

Even though they do not have the votes to do this sort of thing, the members of CREA are hard at work creating a climate of hate, prejudice and social discontent.

As good Americans and right thinking citizens, I every Californian in his right mind, and who has

the dignity of the individual and his rights are far more important than those of things. If this thing is enacted into law in California, who will be safe from all kinds of legal persecution?

The doors will be thrown wide open for every kind of discrimination.

No ethnic group will be safe.

Jews, Russians, Japanese, Chinese, Mexicans, Negroes, red heads, Portuguese, flat feet, square heads, Italians, all will be subject to the wrath of the bigot and the prejudiced!

If Californians buy this sort of thing, we might as well make the white citizens councils a legal reality.

We might as well stop calling ourselves westerners and join up with the Wallaces, the Faubuses and their ilk.

The most damning fact is: while the rest of the world, and some parts of America, struggles to overcome hate and bigotry, the CREA and its supporters are trying to give new impetus and substance to that which is socially passe.

A great deal of thanks and praise should go to those who are struggling with their dollars and time to stem the tide of CREA's activity.

The ground swell has been terrific. All over the state, the Joe Doakeses and the Mary Doakeses have given their dollars to help fight this pernicious disease.

Your help is needed because you vote and you have a voice. You and your neighborhood club and friends ought to pool your dollars to place an ad in your local paper to show your attitude against CREA's activity.

Support the Rumford Act with your voice, your dollars and your vote!

Get your teenage children to pass out leaflets asking your neighbors to support the fight for the Rumford Act.

At your coffee klatches and back fence gossip sessions, get on the band wagon and show your support for the Rumford Act.

Don't let this Act be defeated because you don't care. Be concerned about your future, the future of your children, and the future of your state.

If you have not registered to vote, don't wait. Do it now!

This is your fight!

Don't let somebody else do what you can help do for yourself! As an individual you might not have the money or the influence that the members of CREA have, but jointly, with the rest of the good thinking and acting Californians, you can help give that group the fight of their lives for human rights and human dignity . . . YOURS!

in the areas of human relations, finance and community service is impressive. Recently, he was named to the vice presidency of the Time Savings and Loan Bank. He is the first Negro to assume such a position in the financial field.

WITHIN THE community, Kimbrough is honorary president of the San Diego Urban League. He organized the League and served as its first president in 1951. He was a former president of the San Diego Branch of the National Association for the Advancement of Colored People. He has served as a member of the Board of Directors of the Downtown City YMCA, the Community Welfare Council, the Community Chest, the California Children's Home Society, and a member of the San Diego County Bureau of Public Welfare from 1959 to 1961. He aided in the organization of the Southeast Branch of the YMCA.

Dr. Kimbrough has attained great stature in his chosen field of dentistry. In 1959, he was editor of the San Diego County Dental Society Bulletin.

He has served on the staff of the San Diego County Hospital Dental Medicine Section as Chief of Section; was past president of the San Diego Dental Seminar (1958-1959); was organizer and first president of the San Diego Society

of Clinical Hypnosis; served as past president of the Paul Revere Study Club — Younger Dentists of San Diego County; past president of the San Diego County Dental Society (1961-1962); past president of the Guadalupe Clinic Dental Section (1958); served as a member of the Executive Council for the Southern California State Dental Association for six years; and a member of the Board of Directors of the San Diego County Dental Society for ten years.

IN PRIVATE LIFE, some of Dr. Kimbrough's professional standards have been reflected in his children. A daughter, Mrs. Jacqueline Kimbrough Ryan, residing in Los Angeles, is a dental hygienist, and is the only Negro in her section in the Dental Hygienist Association of Los Angeles. Another daughter, Miss Mary Louise Kimbrough, graduated from the University of Oregon on December 13th, 1963, majoring in sociology. A son, Allden Kimbrough, is presently stationed at Fort Lewis at Tacoma, Washington. The younger son, John, Jr., is a freshman at San Diego State College.

Dr. Kimbrough and his wife, Quincella, reside at 1610 South 40th Street in San Diego. The couple were married shortly following his graduation from the University of California School of Dentistry in 1935. He has been a practicing dentist in San Diego since then.

Speaking Out

by Harold Brown

(Chairman, SD Congress of Racial Equality)

THURSDAY MORNING, the year 1964 will bring a spirit of cooperation among our Negroes and whites sitting in a court room waiting to hear their case argued as to why they should be able to use the method of peaceful picketing to persuade a company to improve its hiring policy so more Negroes and other minorities may share equitably in the jobs, as they do in the paying of their bills for the company's service.

Well, our case was argued by our attorneys before Judge Whelan. And from my layman point of view, it was argued extremely well. BUT AS the day progressed, it became increasingly obvious that a judge with a white-thinking mind making a decision involving a company owned and run by whites with white-thinking minds, could not even begin to understand the cause for which we fight and the problems which confront us.

It was plain to see that the attitude of the judge was that Negroes had a right to protest — but not a right to protest too strongly. THEREFORE the judge's decision was to limit the number of pickets at any one time. The ineffectiveness of one or two pickets protesting against the hiring policy of a given company seemed obvious to everyone in the courtroom except the judge.

It is amazing how fast the March on Washington has been forgotten! There is a definite lack of understanding and feeling on the part of most whites for the urgency that the Negro feels. Maybe this is because most whites only get to know the few Negroes who have risen to the point where they no longer feel this urgency — which leads me to a discussion of the Negro himself.

NAZIS and Birchers are enough opposition for civil rights groups. But the fight is made even more difficult by a large number of "doers of nothing" who offer all kinds of lame excuses why they don't have the time to get into the fight. Those who have the time offer other excuses. You people are the best friends the white bigot has. You know, you should join the White Citizens Council!

Some of you should stop trying to fool the community. You who are taking money from the Negro through your practice of law, medicine, dentistry, real estate, or some other business — should be the biggest supporters of the civil rights fight. SOME OF YOU realize this and have come forth to give some much needed support — financial or otherwise. But far too few of you have publicly expressed to the white community that you despise the treatment of Negroes and other minority groups in this city.

Let's be frank. Because of the quietness of your approach to the civil rights issue, the white community is not sure where you stand. When a civil rights group asks for more jobs from a given company, for Negroes and other minorities, the white community doesn't know if you agree or not. AND IF YOU don't agree, then the thousands of Negroes in the city who are out of work and living off just enough to exist, ought to consider placing a picket line in front of your business establishment and boycotting you out of business. But let's hope it doesn't come to that. Let's hope that

OPINIONS IN PASSING

By Daniel W. Brown, M.D.

THE FAILURE of CORE and the S.D.G. and E. Company to successfully negotiate in the field of full employment is a disappointment to our nation, state and city, and to industry. The conference table represents an orderly parliamentary procedure.

The request of CORE is a similar request of both our state and our present Presidents, of our nation, state and city. The demand to implement progressive programs in the field of employment is urgent and rates top priority among the nation's problems in 1963 and 1964. To delay such programs is in direct conflict with the demands of our city, state and nation.

A CONFLICT at the conference table between an organization of citizens and the brain-trust of the largest industry in our state is confusing to the public. The public understands that situations for negotiations demand common courtesy and unprejudicial attitudes to effect an orderly procedure. This is a basic requirement for understanding and a solution.

THE NEGOTIATIONS were directed from the conference table into the streets and the CORE organization found it necessary to appeal to the public by a strike or protest demonstration for relief. Into the streets must be considered a direction from an orderly parliamentary procedure into a less orderly direction. A demonstration by the CORE organization into the streets was orderly, but the behavior of the S.D.G. and E. Company

employees was disorderly in this manner:

(1) The employees bodily attempted to block the entrance into the building; (2) questioned innocent citizens concerning their intent to enter a public building; (3) by physical contact, tried to force members of the CORE demonstration into one direction or another. Disorder by the S.D.G. and E. Company at the: (1) negotiation table by discourtesies and prejudicial attitudes and disorder in (2) public; willing to abuse the entry into a public building; and (3) court order to restrain CORE organization.

SUCH TECHNIQUES are characteristically found in Mississippi.

The negotiations have currently been directed into the courts. The courts may or may not support the vital issues by their decisions, however, to perceive the essences rather than the trivialities of the issues, the courts may decide further negotiations at the conference table is possible and proper.

A failure of the San Diego Gas and Electric Company to meet the demands of our nation, state and city is not the stand of our city's courts.

Is this the genius of the San Diego Gas and Electric Company?

Betty Reid's Conversation Piece

(ABOUT PEOPLE AND PLACES)

For years to come... San Diegans will talk about the scintillating reception which honored Judge Earl B. Gilliam on Sunday... at the beautiful home of his parents, Mr. and Mrs. J. Earl Gilliam.

It was a perfect Sunday... just crisp enough for this time of year. The atmosphere was one of warmth and good cheer... and words just flowed on... of good wishes... for Earl and for Barbara, his pretty wife.

Some people are saying that it was the biggest — in terms of attendance — of all galas ever given... socially.

The Gilliams had wanted it just as it was... with people from every walk of life and endeavor included as guests. They hadn't thought in terms of formal invitations... they had, rather, extended informal "everybody come"... to all. And they came.

If you admired the gorgeous floral decorations... especially those extravagant centerpieces on both the refreshment tables... you should know that they were tendered the honor by the Women's Civic League... and Octavia Coleman, a long-time friend of the Gilliams.

Diligent and effervescent Catherine Thomas and her sister, Johnny Byrd, took charge of the entire hostess and catering duties... and had everybody raving over the smooth manner in which more than four hundred guests flowed in and out of the large house.

It placed a pretty period... to a day long to remember.

We're ever so happy to see pretty Mrs. Cecile J. Walker... behind the window as a teller at the Home Federal Savings and Loan Association... at the Home Tower. She's another "first" for us. We're mighty proud of the fact that Cecile was a former VOICE staffer... and is now the mother of three handsome boys. Cecile and equally pretty Mary Kimbrough are close friends.

The invitations are embossed in gold... and they carry the seal of the Los Angeles Chapter of the National Association of Fashion and Accessory Designers... Of course, it's the club group's "Designers Showcase" and fifth Annual Fashion Show and Luncheon... set for Sunday, February 9th, at 1:30 p.m., in the International Ballroom of the Beverly Hilton Hotel. Proceeds from the affair will be used for the group's benefit charity and scholarship fund.

Ruth Green has just returned to our town... from a weekend in Los Angeles... where she motored up to catch Billy Eckstine's opening... at Basin Street West.

Stately and fashionable Diane McGinness... has taken over our "Poet's Corner" with her own greetings to all... in poetry. We're re-printing (by

NEW SANDWICH IDEA are these elegant and delectable tuna cream sandwiches which are ideal for company refreshment.

The Hit of This Season! Tuna Social Butterflies

By Louise Adams
(VOICE Food Editor)

HERE'S A delightful and delectable sandwich creation that will charm your guests with its lovely taste as well as obvious good looks. Pretty-as-can-be butterfly sandwiches filled with a subtle and spicy tuna-cream cheese spread, decorated with the red and green of sliced stuffed olives, make an enchanting impres-

sion wherever they appear.

And they can appear on the evening party table, at the special luncheon for the bridge club, or whenever company refreshments are in order.

THESE DELECTABLE little sandwiches are as economical as they are elegant, a happy thought for a lady who's watching the budget. Canned tuna is one of the best buys on the market today and since its mild, delicious flavor blends agreeably with a number of ingredients, it's a wise hostess who keeps an adequate supply on hand.

Tuna social butterflies are a breeze to make, too. The tuna morsels mix into other well-chosen ingredients, such as the aforementioned cream cheese, celery, lemon and mustard. All that it takes to make a butterfly shape is a simple

matter of sandwich-half placement. Gild your butterflies with a cream cheese frosting, decorate with olives, furnish with potato stick "antennae" and there you are... with a social triumph right around the kitchen corner.

TUNA SOCIAL BUTTERFLIES

- 2 packages (3 ounces each) cream cheese
 - 1 tablespoon lemon juice
 - 1/4 teaspoon dry mustard
 - 1 can (6 1/2 or 7 ounces) tuna in vegetable oil
 - 1/4 cup chopped celery
 - 2 tablespoons chopped parsley
 - 8 slices white bread, crusts removed
 - 1 tablespoon milk
 - Pimiento-stuffed olives, sliced
 - Canned potato sticks
- Soften one package of cream cheese; blend in lemon juice

and dry mustard. Combine with tuna, celery, and chopped parsley. Spread on 4 slices of bread; top with remaining slices. Blend remaining package of cream cheese with milk; frost top of sandwiches. Cut sandwiches diagonally; place on serving plates with the square corners placed together and long edges on the outside, resembling shape of flying butterfly. Decorate "wings" with sliced olives; make "antennae" with potato sticks. Serve with additional potato sticks.

YIELD: 4 sandwiches.

The Key Thought

by E. C. Ward

THE KEY Thought stock hd... confesseth and forsaketh them shall have mercy. (Prov. 28:13)

Some earnestly try to reach the city of God, but hold onto some one sin. They are like some drunken sailors who, on a dark night, were returning to their ship. They got into their little boat, which was tied to the wharf, drew out the oars, and began to row. They rowed and rowed, but still their ship did not appear. At last the soberest of them discovered that they had not untied the mooring rope. God asks US not only to row but to cut loose from sin. Then, "If we confess our sins, he is faithful and just to forgive us our sins." (1 John 1:9)

A little girl playing in the park was frightened by a great dog that came bounding along, barking furiously. She burst out crying, and her mother could not pacify her. "See," said the mother, "the dog has stopped barking. Why don't you stop crying?"

The little girl looked around at the dog and, still sobbing, said, "Yes, mother, but the bark is still in him."

This is the way of mercy — confession of sin, forsaking of sin. Those who cover their sins are tempted to falsify. They are guilty of hypocrisy in concealing or justifying their sins, or even in making a loud profession to compensate for them.

In confessing our sins we must be honest with the Lord. We must not only acknowledge our wrong but have a sense of its evil and deplore it. We must not blame others or even our own circumstances or

weakness. Then, we must forsake the evil thing and all places, companions, books, radio and television broadcasts, or whatever will lead us back into sin. Some confess but do not forsake their sin. It is still in them. And remember, we are not forgiven as payment for our confession or reformation, but only through the blood and grace of Christ.

A modern home Interphone system lets you talk and make calls from different spots in the house, talk room-to-room, and even answer the doorbell.

Whether it's true or not, here is a story that shows a lady's ingenious use of the phone in ordering snap beans from a grocer. "Could you bring one to the phone?" she asked. "I want to make sure they're fresh."

The grocer did. "Now," she asked, "would you please break it?" He did, and she clearly heard the resounding pop. "Fine," said the lady, "send me three pounds." (I'll bet you, too, have found unusual uses for your phone, in addition to the everyday ways it saves you time and trouble.)

A reception was held on Friday, January 3rd, honoring Bernice Hardy who retired after forty-one years of telephone service. Bernice started her career in 1922 as an operator in Broken Bow, Nebraska. Two years later, she came to our San Diego office. Here she continued her career until a year ago when she joined us in Chula Vista as a Business Office Supervisor.

Bernice has many plans for the future. First, of course, will be to join her husband Fred, recently retired from the San Diego Transit Company. Then — lots of fishing, bowling, (she now holds some twenty trophies from National tournaments) and cooking, another of her hobbies.

We all wish you many happy days ahead 'Bernice'.

TRACK TALK

Already off to a good start in the new season, Caliente provided fans with an early preview of its 1964 stakes schedule with the running of the San Diego Prep.

The contest, a five and one-half furlong sprint for four-year-olds and up, served as a tightener for the \$5,000 added San Diego Handicap which comes up for decision this Sunday, Jan. 19. The latter event, at six furlongs, was won last season by Locris, who covered the three quarters of a mile in 1:09 2/5 while beating Jeff's Fury to the wire.

One of its widest distributions in history was recorded in the "5-10" handicapping contest at Caliente recently when 109 fans took major

awards of \$65.00 by selecting just four winners out of six races.

The biggest spread came in the consolation division when a total of 1755 shareholders received \$12.50 for tabbing three winning horses. The all-time record for consolation payoffs is 188, set in July of 1957.

Rogelio Olguin, a consistent performer throughout the second half of the 1963 season, has made an auspicious beginning in 1964 by taking over the leadership in the jockey standings at Caliente.

The 25-year-old rider from Mexico City finished up the last meeting in third place, and he indicated he'll be tough this year.

Globetrotters Coming

The world-famed Harlem Globetrotters will play both games at Cal Western's Golden Gymnasium in Point Loma. San Diego to play two basketball games on February 5th and 6th.

Their appearance here is under the sponsorship of Sigma Delta Chi, professional journalism society. The Harlem

Globetrotters will play against the Atlantic City Sea Gulls.

This will mark the third year that the famous basketball team will be sponsored

here by the journalism society. Last year's games were a complete sell-out. In addition to the more than 7,000 fans who witnessed the game, more than 1,200 were turned away.

Tickets will go on sale on January 25th at the Globetrotters Box Office on Third Avenue.

Kenneth C. Reiley is president of Sigma Delta Chi.

Well, with football almost over, one turns to basketball.

The last of the post-season games takes place in Balboa Stadium on January 19th.

IT BRINGS TOGETHER the all-star teams of the Western and Eastern Division of the A.F.L.

A filled stadium would help make amends for a very poor showing at the championship game.

COVERING FOR the West will be San Diego's Keith Lincoln, Ernie Ladd, Paul Lowe, Ron Mix, Tobin Rote, Lance Alsworth, Ernie Wright, Emil Karas and big Earl Faison. Other stars include Oakland's Clem Daniel the league's most valuable player and Art Powell, leading pass catcher. Art is from San Diego.

The Eastern team will counter with Jack Kemp, Bob Parrilli, Gino Capelletti, Cookie Gilchrist, Larry Gorren and Willie West. West is also a native of San Diego. Dave Grayson who will play on the Western team, also played with West at Oregon University. The game should be a thriller with Cookie Gilchrist back in good health and Tobin Rote throwing to his favorite receiver, Lance Alsworth.

THE SAN DIEGO OPEN being held at Rancho Santa Fe instead of Mission Valley caused some unfavorable comments. Many of the "Pros" were complaining of the late starting times due to the freezing greens. The late start and the large number of entries made it necessary for many of the late starters to finish up the next day.

A player with a hot streak going, finds it very difficult to capture that touch again the next day. However, the fellow who is having his troubles could care less that he has to stop because of darkness.

One of the fine young pros who played at Rancho was Ray Botts of Los Angeles. The good golfer is one of two young Negro golfers who has joined the tour this year.

THE OTHER, James Black, failed to get his entry in in time. Black finished up close in the Los Angeles tournament a week ago, winning more than \$500. Botts had rounds of 72, 69 and rose to a 75 on Saturday. He finished with an 80 for a total of 296.

These two fine young golfers, along with veteran Charlie Sifford, form a very capable contingent of Negro golfers, heretofore left out in professional golf.

THE LOS ANGELES Lakers and the New York Knicks renewed their rivalry here in

winning double overtime. The floor play of Elbert Miller has been fantastic. Miller is becoming one of the best ball handlers in this area.

Cal Western is still undefeated taking their ninth straight from Pasadena 62 to 55. The Westerners are wild about little Ash Joerndt and John Carlyle. These two young forwards, along with center Steve Crowell, give the Westerners a real scoring punch.

SAN DIEGO STATE, who seems to be taking its lumps early this year after a rather successful year last year lost another to tough Fresno 74 to 63. The Staters, who figured to have a real good ball club, haven't been able to click. With the addition of Al Catlin from City College, the Aztecs looked good. Coach Ziegenfuss' team lacks height but has good speed. Catlin, Bell and Bones Bowers are real ball hawks. It may take a few games before the Aztecs jell, but they will, then look out!

The Knicks have a young team and the addition of Bob Boozer has helped a lot. Len Chappell and Billy (the Hill) McGeil gives the Knicks the height and scoring punch they needed. Chappell scored 23, Boozer 22 and McGeil 20 in defeating the Lakers 118 to 103.

ON THE LOCAL scene, the City College Knights eked out a 71 to 70 win over Los Angeles Valley. The Knights were led by Dick Dowling with 27 and Ron Kroeyel with 17. The Knights also won a tough one from Santa Monica last Friday.
