HAL BROWN stands before two places which should have much meaning for San Diego Negroes. In the top photograph, Brown stands in front of the main office of the Bank of America, where he lead demonstrators protesting discrimination in hiring. In the bottom photograph, Brown has spent almost every weekend for the last six months because of sentences totaling over 120 days. Several Negroes have since been employed by the bank.

# Hal Brown Ends Jail Terms

**HAL BROWN PAYS "DEET" TO SOCIETY:** Hal Brown, Western Regional Director of CORE, has served the time in jail to which he was sentenced for his leadership in the fair employment demonstrations against the Bank of America.

Brown was sentenced 5 days by Superior Court Judge Vincent Whalen, 30 years by Municipal Court Judge E. J. St. George. Each of communicating with Negroes in the sentences had some jailgo community. "I don't think we should put the CORE leader behind bars almost every weekend during the last six months. After his final release from the County Jail, Brown stated: "A man has to do what his conscience tells him to do, I'm a Negro living in the period of the Negro Revolution. I wouldn't want to go anywhere but on the front lines of this most necessary social revolution. The Bank of America put me in jail but the demonstrations which I led put Negroes working in the Bank of America. Jail is the toughest price a man has to pay if he is going to be active in a non-violent revolution."

# Mexican-Americans Now Trail Negroes 2 Years Educator Ibarra Says

Mexican-Americans are two of the Mexican-American students behind the Negro in the Pacific Southwest in California, a prominent Mexican-American educator pointed out last week. In a speech to a planning group of the Assn. of Mexican-American Educators at Valley Center, Ibarra said that en- hanced educational pro- grams will open the door of higher education to many Mexican-American students. Ibarra pointed out that substantial funds could be made available to help these bright youngsters whom he is losing by the hundreds.

"There is a growing number of Mexican-American youngsters graduating from high school who are excellent college material, but who lack the money to further their schooling. As we work through such programs as compensatory education to raise the achievement level of this large group, we must also be prepared to get these students into and through college."

Ibarra, foreign language consultant with the San Diego City Schools, stated that Mexican-American students now comprise 13 percent of California's first-graders. "In an era when we are going to need more and more skilled scientists and professional persons in every field, we cannot allow the potential of these eager and capable young men and women to be lost by default," Ibarra said. He added that because the Mexican-American has no spokesman to express his needs, as other ethnic minorities do, the educational plight is current chairman.

They described the University's scholarship program, initiated last spring, for disadvantaged youth in the San Diego area. Dr. York headed the scholarship program committee last year. Dr. Mills is its current chairman.

# Lincoln High Parents Protest School, Teacher Criticisms

Four Lincoln High School parents have registered extreme disapproval over the criticisms of teachers, administrators, and students being allowed at the open hearings of the Citizens Committee for Equal Educational Opportunities.

In an exclusive interview with The Voice, Mrs. William King, Mrs. George King, Mrs. William Cesena, Mrs. Lawrence Alcalá, and Mrs. Mary L. Ponder, all parents of Lincoln students, stated that the purpose of the hearings has been lost and the effect upon their school has been detrimental.

"It was not the purpose of the hearings to identify specific individuals. Yet, Judge Lindstedt sat by while speakers attacked specific individuals."

Speakers at the recent open hearing at Lincoln High School, which was attended by over 700 people, made many statements about administrators and teachers of Morse and Lincoln schools.

"Lincoln High School has some of the best teachers in the city. These attacks are very demoralizing to them," they said.

According to the Lincoln mothers, "Name calling was out of order. The speakers became emotional, and the meeting was a great disappointment to many. This creates doubt as to the outcome of the hearings."

"Judge Lindstedt should have better control over the audience," said the mothers. Moreover, "The speakers were telling the Judge how long they were going to speak over the time limit."

"Our school is being attacked, but how many of us cooperate and support the school in obtaining a better education for our children? Do we sit by and let the school take full responsibility? We as parents need to encourage and inspire our children," they said.

"Because Lincoln is predominantly Negro does not make it an inferior school."

Following is the main text of their statement:

"How many people in our community know that Lincoln High has National Scholarship winners? Last year alone over \$150,000 in scholarships were awarded to students of Lincoln High."

"A student from Lincoln received a congressional appointment to the Military Academy at West Point. It has student graduates at some of the better colleges. Our students are there, thanks to our teachers who helped prepare them to meet the rigid requirements."

"Our administrators, teachers, and counselors have and are working diligently."

"However, they cannot do the job alone. They need the support of the parents and the community. Can't we all work together as a possible force to help our young people?"

"Let's look at the accomplishments of the students at Lincoln High:

1. Selected as one of 49 schools in the U.S. to receive the award from the Freedoms Foundation, Valley Forge, Pa.
2. The No. 1 California Cadet Corps in the state of California in a number of categories.
3. The top academic accreditation from the California Association of Colleges and Universities.
4. Awarded first place for the cleanest campus in the city in competition with 12 other city high schools.
5. One of the finest marching bands in San Diego.
6. Team athletic championships in football, wrestling and track.
7. Outstanding music department.

Every year Lincoln High sends math team to Occidental College and San Diego State College to compete in rigid examinations. This could have only been accomplished through the help and encouragement of our administrators, teachers and counselors.

Monday, the teaching staff at Lincoln was increased by 12. This will reduce the class size and afford more counseling time. Let us accept the challenge. Let's all work together to rebuild Lincoln's image in the community."

Opportunistic. They are (l. to r.) Mrs. George King, Mrs. William Cesena, Mrs. William Ponder, and Mrs. Lawrence Alcalá.

While still at Columbia, she helped law is difficult and I joined the Legal Defense Fund colleague was Edward Dudley as a law clerk. After graduation, she married Joel Morison, who was to succeed as President of the Borough of Manhattan.

With vigor and determination, the lady lawyer carved a reputation for herself as one of the nation's leading civil rights attorneys. She rose to the rank of Associate Counsel, the number two post in the Legal Defense Fund.

# School Hearings Offer Several Area Solutions

Nearly 700 people attended the Citizens Committee on Equal Education at Lincoln High School last week.

Many community leaders were present and spoke extensively on the pressing concern over segregation in San Diego education.

Several parents spoke, giving specific experiences of the poor quality of education in the Southeast area.

Among those speaking were J. O. Briskey-Wright, principal, Wright Bros. School, Mr. John Johnson, Director, Urban League; Mr. Carter Smith, Alameda Fraternity; Mr. Daniel Castro, S. D. Mesa College; Mr. Melvin Steinfield, Mesa College; Mrs. E. Johnson, G. I. Forum; Mr. J. Johnson, Patrons Who Care; Rev. J. A. Covington; Mr. Kenneth Pennington, CORE, and Mrs. Willie Smith.

Pennington's and Steinfield's presentations attracted the most attention. In his short presentation, Pennington charged that the school board is using the hearings as a ruse to do nothing. He demanded immediate action under threat of legal action to hold up state and federal funds from the school district.

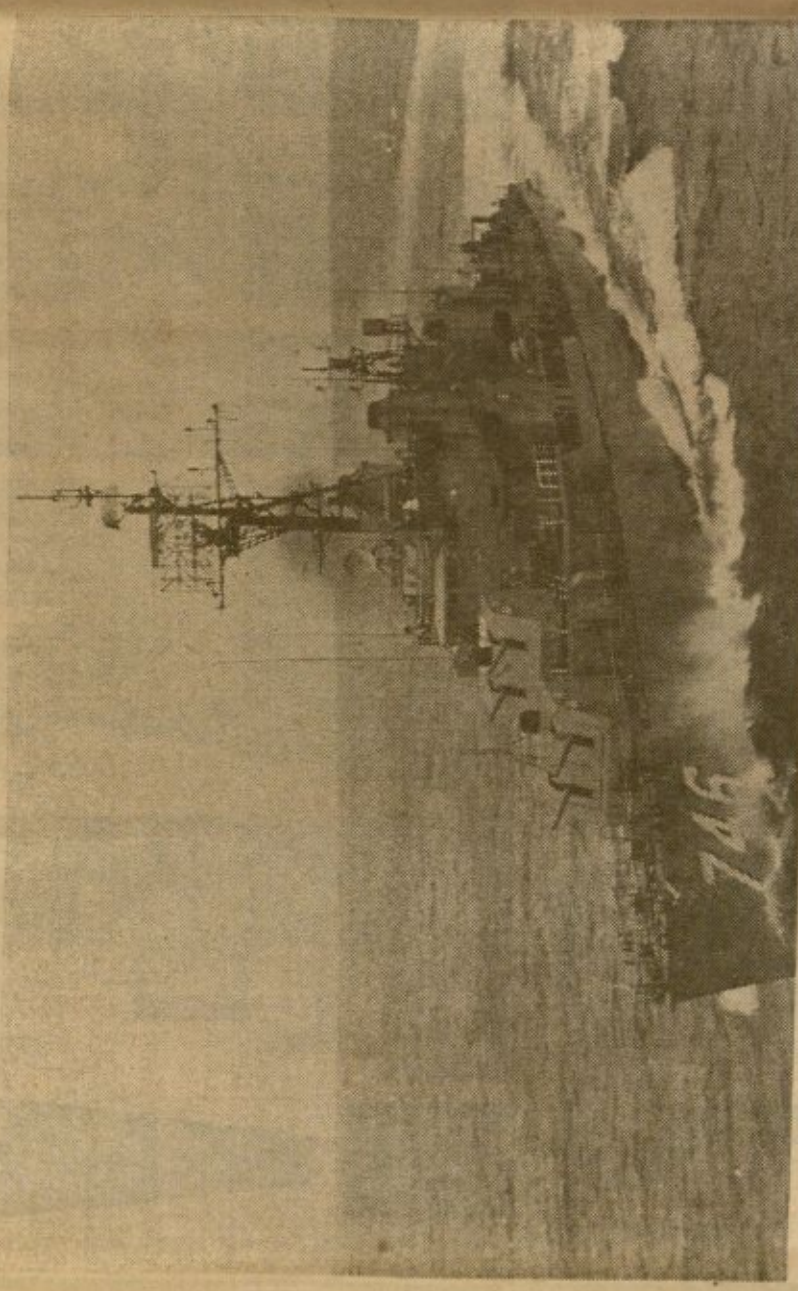

Pennington demanded that the school board immediately implement the "Ramsey" plan. (Continued on Page 8-A)

# Cmdr. Gravely's U.S.S. Taussig

U.S.S. Taussig, DD716, the second ship in the United States to be captained by a Negro, Cmdr. Gravely, cuts the waves for her 2,200 ton bulk.

A veteran of two wars, Taussig is a 376½ foot Upper-class fleet oceanographic and modernization program (FRAN MK II), the prime mission of her 16 officers and 240 crew members is anti-submarine warfare. Equipped with the latest ASW weapons and capable of maintaining a speed of over 32 knots, Taussig has proven her ability to accomplish this goal.

Named after Rear Admiral Edward David Taussig (1847-1921), the USS Taussig was built by the Bethlehem Shipbuilding and Drydock Com-

pany at Staten Island, New York. She earned the Presidential Unit Citation and eight battle stars for duty off the Korean Coast.

Since the Korean War, the Taussig has operated from home port, San Diego, making many cruises to the Western Pacific where she operates with the Seventh Fleet. After nearly 20 years of continuous active service Taussig entered the ship yards in 1962 for a major overhaul and face-lift.

Months later she emerged, having shed much of her outdated equipment, with the very latest in weapons, detection, and communications systems. This conversion also changed Taussig's role in the modern specialized Navy to that of submarine hunting and killing.

Taussig has the ultra-modern Dynamic, Race Drama Coming Soon to S.D.C.C.

## The Captain's 'Skipper'

THE WOMAN BEHIND THE MAN — Mrs. Samuel L. Gravely, wife of Cmdr. Gravely, is now the senior Negro naval wife in the United States. This photograph was taken moments after Cmdr. Gravely assumed command of the Taussig.

## Meet Mrs. Gravely

By CONNIE ROBINSON

A very well mannered little boy named David, age five, answered the telephone and told me his mother would be there in a minute. Then a very friendly lady came to the phone. She was Mrs. Gravely, wife of Cmdr. Samuel L. Gravely (Captain). As you know Cmdr. Gravely is at present the first Negro senior ranking line officer in the U.S. Navy. His ship is the USS Taussig (DD-716).

The Gravely's are not new to San Diego. They lived here from 1957 to 1962, when they left for Hawaii, where he commanded the USS Falgout. After an enjoyable tour of duty in Hawaii, they moved to Newport, R.I. Mrs. Gravely took advantage of her leisure time hours and went bowling, ice skating, and swimming while her husband was busy studying at the U.S. Naval War College.

While in Newport, and when Cmdr. Gravely's duties allowed him the free time, they often went fishing as a family. (Their other son is Robert, 7.) They often used a strip of land that joined the property of the mother of Mrs. Jacques Kennedy, the outdoors line also enabled the Commander to view the birds, especially the pigeons, who strutted around the beach. He has raised pigeons, at various times, since he was 12 years old and

Often, in discussing their mind's abstract experience attitudes about the Negro and in "In White America," a play the Negro question, these that rooted here in 1963.

"In White America" will be presented by the Theatre Arts Guild in the Little Theatre on the campus of San Diego City College February 11, 12, 18, 19, 20, 25, 26, and 27. By Martin B. Duberman, the play recounts the history of the American Negro from slaves-ship days through the incidents of the present. Each event is told in the actual words of people who participated in it.

Eight actors who appear in "In White America," are Albert Hall, Randall Stoler, Barntowski, Preable Bridges, Vermyer Robinson, Donald Mosby, and George Carroll. Each one will transform himself into many characters, revealing many people black and white, involved in brave deeds and shameful ones. The audience will see the moving, dynamic, impassioned stage transformed into slave od, touching, disturbing, fresh, cabins, houses of legislatures, tit, important bit. Southern plantation homes, courtyards and will meet not in other American cities and only unknown people whose words come down to us simple of "instant theatre" on isolated pieces of paper, Rice Award in 1964 as the best off-Broadway play of the New York season.

## More Skyline Park Being Bought Soon

In December, 1964 the City acquired 4.5 acres of land for development of a park and recreation center adjacent to the Freese School on Skyline Drive.

At the time the land was purchased, it was realized that the acreage was inadequate and did not meet the standard acreage required for this type of park development. However, this was the only site available.

In 1963 the Citizen's Advisory Committee set the standard acreage for this type of park development to be 13.239-2071, or Ruth Short of the Urban League at 234-3312. Participation is not limited to actors only, for technicians, stage hands, etc. are welcomed.

## URBAN THEATER WORK PLANNED

Working to enrich the culture of Southeast San Diego is the Urban Little Theatre, which is headed by Sandra Panalle, Fanchon Cameron, Fred Genittee and Marc Zimmerman.

Participation is not limited to actors only, for technicians, stage hands, etc. are welcomed. The prayer of faith shall save him that is sick. (James 5:15). God's healing life is in every one of our bodies, capable of restoring us to perfect health. As we pray in faith our cells respond promptly to our words of healing. God's healing life flows in and through every organ of our body. So let's pray in faith, knowing that the universal intelligence that created our marvelous bodies is completely capable of controlling their perfect functioning.

### NAACP Files Suit Against Company

WILMINGTON, N.C.—Attorneys of the NAACP Legal Defense Fund today filed federal suit against the Wallace Sewing Machine Company, Wallace, N.C., charging employment discrimination under the Civil Rights Act of 1964.

Negro plaintiffs are Annie Lois Brown and Doris Ann McGee of Wallace and Gladys Branch and Annie Dobres Rice of Rose Hill, N.C.

Legal Defense Fund attorneys have asked the U.S. District Court for the Eastern District for a preliminary and permanent injunction restraining the Wallace Company from "maintaining a policy of withholding . . . equal employment opportunities."

The Legal Defense Fund complaint states that the Wallace Company maintains an Industrial Training program to train prospective employees to be sewing machine operators.

Civil rights attorneys assert the company selects people from a list drawn up before July 2, 1965. This was the date the employment section of the Civil Rights Act went into effect.

Hence, the names on the list before that time are all white. The Negroes applied August 10, 1965.

The Negroes were denied entry into the training program and subsequently filed complaints with the Equal Employment Opportunity Commission.

The Commission found "reasonable cause" to believe the Wallace firm in defiance of Title VII. The sewing concern did not show evidence of altering its policies within the time period allotted.

This cleared the way for today's suit which was filed by Defense Fund Attorneys J. LeYonne Chambers of Charlotte, N.C.; and Jack Greenberg, Leroy Clark and Alford Feinberg, of New York City.

### CORE EOC Help Project OK'd

"Self-Help Through Providing Neighborhood Leadership"—the CORE sponsored project was passed by unanimous vote of the San Diego Economic Opportunity Commission.

The \$64,000.00 project will provide a year long program of training and experience to 35 potential community leaders in the Southeast region of San Diego.

The project application will be forwarded to Federal Government authorities for final approval and for funding. Mr. Jack Katz, Economic Opportunity Commission Director, expressed hope that this leadership training program could be under way by early summer.

The approved project calls for the selection of 35 potential leaders by and from 35 neighborhood clusters in Southeast San Diego who would be given formal training in community leadership and supervised experience in doing community work in their respective neighborhoods. Some of the objectives of the program would be:

1. Training in community leadership and in the details of community resources and how to use them.
2. Assessment of personal and family problems and programming of solution to them.
3. Increasing employment opportunities for racial minorities.
4. Job internship for Negro and Mexican-American youth.
5. Providing assistance in the desegregation of housing.
6. Development of racial pride.
7. Searching out, providing of aid and follow-up of high school drop-outs.
8. Development of minority owned businesses and service agencies and assistance in finding sources of financial backing.
9. Establishment of lines of communication for dialogue between the ghetto and the white power structure.
10. Development of an efficient and non-degrading system of referrals to community services.
11. Search for and release of 12. Creating neighboring self-improvement organizations.

In concluding his case for EOC approval of the project, CORE Chairman Kenneth Pennington, Jr. warned: "If this leadership development program is successful, these young community leaders will be stirring up the voters not caining them, and this should be understood by all as good rather than bad, for the status quo is intensely evil and has to be corrected by controlled, orderly but rapid changes; the alternative is all that is captured in the Watts slogan: 'Burn, baby, burn!'"

# STRIKE

## WHO? WHEN? WHY?

**Early in 1965 this local union won a representation election two to one and was certified by the National Labor Relations Board as the bargaining agent for the Breitbard Brothers' California Laundry employees.**

*At no time since have the Breitbard Brothers shown any indication that they comprehend this fact.*

Through months of so-called negotiations the Breitbard Brothers' representatives carefully avoided any discussion of those issues they knew from the beginning were vital issues, until they were ready -- ready to force their employees on strike.

Time and again, after the beginning of the strike, this union's representatives have tried, through the Federal Mediation Service, to resume discussion of these issues while the Breitbard Brothers, represented by the San Diego Employers' Council, refused any discussion whatsoever.

## Why are we still on strike? Is the union trying to break the Breitbards? Are they bankrupt?

It is not impossible that more than enough money has been spent already on steel fences with locked gates, procuring and maintaining strikebreakers, kompany kops and legal folderol than it would cost them to grant their employees everything and more than they asked for many years.

*"When they get hungry enough they'll come back to work," was the professional union busters' advice that the Breitbards accepted.*

They were wrong. Years of labor at \$1.30 an hour and less had accustomed the California Laundry employees to hunger.

Two hundred California Laundry employees gone to work for other laundries and dry cleaners, other industries, picketing and passing out handbills prove they were wrong.

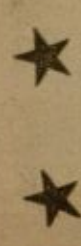

### WHY?

On Dec. 31, 1965 the Mayor of San Diego suggested that the Union and Management submit all unresolved issues to Arbitration--On that same day the Union agreed--Because our cause is just and right--Management -- Brreitbard Bros. has not agreed -- WHY?

### When will it end?

When you, the people of San Diego see past the carefully built Breitbard Image, get the facts of his dispute.

Are you aware that Talented Preston Coleman has earned a new niche for himself? Since the second week in November he has been playing with the San Diego Symphony. He also holds a life membership in the San Diego State College Music Fraternity. And he is featured at "Mexican Village" in Coronado.

Coretta Scott is being congratulated as she starts her assignment as Junior Secretary at San Diego High School. Colette is the sister of Mrs. Eddie (Louise) McElroy.

Friends of Mr. & Mrs. William Tyson were introduced to the newest household, Yolanda's, on last Sunday at Evette, on last Sunday at miscellaneous baby showers hosted by Scarlett Henderson in the proud parents' home.

Members of Beta Mu Chapter of Delta Sigma Theta Sorority have reserved a room at the Golden Hills Recreation Center for "Dessert Hour" on Saturday, February 4 between the hours of 2:00 and 4:00 p.m. Invitations are in the mail to active and inactive members.

Our "Editor" Clarence Irvine, is an English teacher at Holt High School in La Mesa. Best wishes and a speedy recovery to Mrs. Clifton (Naomi) White who is now home after undergoing surgery at Mercy Hospital.

You might send Barbara (Mrs. Earl) Gilliam a cheerful "Get Well" card—and wish her a speedy recovery, also.

Thanks to our good friends and beautiful freeways—we are able to do many exciting things this past week-end. Friday night found us in the lovely home of Anita and El Sampson, Congratulations Anita now a visiting Teacher for City Schools.

And then dash—across our freeway to Point Loma to enjoy the songs of Maxine Bahney.

Thanks — Bertha (Pendleton) on my favorite dish. On Sunday we were the dinner guests of Ardell and Bob Matthews in their lovely Del Mar Court home.

Congratulations to Mr. & Mrs. Alfonso (Catherine) Thomas who will celebrate their 25th wedding anniversary on February 12.

The bride is a graduate of San Diego High School. She attended San Diego Mesa College and is planning to attend San Diego State in February. Mr. Green is a recreation leader at Memorial Recreation Center and a graduate of Kearney High School. He was a student at Pepperdine College for 2 years and is now matriculating at San Diego State where he is anticipating a June graduation.

Over 150 friends and relatives wished the bride and groom happiness at the Memorial Recreation Center, 2902 Marcy, where the wedding reception was held. The new Mrs. Green was radiant in her knee-length white brocade dress with pearl tiera and veil.

# Dr. 'Bill' Williams For State Office

WILLIAM WILLIAMS, candidate for California Secretary of State, expounds on his views of government at a recent luncheon at Christy's restaurant.

# 'Qualified' Candidate Seeks State Position

William Williams, announced candidate for California Secretary of State, held a press conference in San Diego January 29, at Christy's Restaurant in Chula Vista.

Mr. Williams, 36, who holds a doctor's degree in Public Administration, announced that he planned to wage a "very vigorous" campaign.

AS THE CAMPAIGN PROGRESSES, you'll be proud of us, he said.

With his campaign headquarters in Los Angeles, Mr. Williams, backed by IMPACT, said his campaign would stress these points:

- a. Leadership. Williams said that Caucasians have said in the past that Negroes weren't qualified for positions they sought. This can no longer be argued.
- b. Poverty and Housing Program. "There are more poor Caucasians than Negroes," he said, "so this aspect should appeal to all."
- c. Electoral Reforms. Voting machines, for example, are needed. California is one of the 4 or 5 states without them. Consequently, there is a very

# FEPC Starts New Task

California's Fair Employment Practices Commission has signed a cooperation agreement with the President's Committee on Equal Opportunity in Housing, FEPC Chairman C. L. Dellums, has announced.

The President's Committee was established in 1962 to carry out provisions of Executive Order No. 11083 prohibiting discrimination in the sale, lease or rental of residential property owned by the Federal Government, or assisted financially through mortgage insurance or otherwise by the Federal Government, or in urban renewal project land.

According to Dellums, among the most important areas of President's Commission jurisdiction are homes purchased under terms of the Federal Housing Administration (FHA).

The official "Memorandum of Understanding," signed by Dellums and David L. Lawrence, Chairman of the President's Committee, calls for the FEPC and the Federal organization to establish liaison and exchange information on a regular basis. Both will cooperate with and advise the other on all matters of enforcement and compliance.

Dellums said that the agreement marked "another step in FEPC's program to fulfill its responsibilities under the Rumford Fair Housing Act." The Fair Employment Practices Commission administered Downtown YWCA.

# JFK Club to Fry Chicken

The John F. Kennedy Democratic Club is having a California Democratic Club fund-raiser with a fried chicken dinner Saturday, February 5, at their club's headquarters at 2006 Ocean View Blvd. at 8:00 p.m.

The funds raised will be used to send their 6 delegates to Bakersfield for the CDC convention February 18, 19, and 20.
