

San Diego, California

Gary D. McCormick, CPA

Partner – Assurance Service

Experience

Mr. McCormick has approximately 27 years of public accounting experience, providing services to both privately and publicly-held clients, including approximately four years as Regional Associate Director with the PCAOB. He has broad experience in various professional disciplines, including accounting and auditing, mergers and acquisitions and management consulting.

Mr. McCormick's responsibilities have included, among others, conducting audit and consulting engagements in a wide range of industries, including financial services, real estate, manufacturing and distribution, high tech, biomedical, pharmaceutical, professional services and hospitality companies. He has substantial experience in managing public offerings and private placements, with significant engagements encompassing initial and secondary stock offerings, and debt offerings. As a Regional Associate Director with the PCAOB, he supervised the inspections of large, regional, international and small accounting firms. Prior to that, he served as president and CEO of the Fraud Discovery Institute in San Diego, where he was involved in various high profile corporate investigations. These qualifications give him special insights into business, financial and accounting concerns.
