

## **ISEP (The International Student Exchange Program)**

**ISEP** is designed so that students exchanged throughout the **ISEP** network pay all of their fees, including room and board, to their home institution, in this case SDSU, and take a place at a host institution, with no money changing hands. In most cases, **ISEP** participants are matriculated directly into the host institution and pursue courses with native students. If you have financial aid, it can apply. <http://www.isep.org>
