Red ID:

Please select your top three university choices:

- 1.
- 2.
- 3.

Due to the high demand of students studying abroad in countries with multiple universities each semester and the fact that our exchange agreements are bilateral (depending on foreign student participation), your preferred university may be impacted or currently unavailable. We cannot guarantee that you will be recommended to attend your first choice foreign university. All students' preferences will be accommodated to the best of our ability. If applicable, preferences will be given to students by taking into consideration their class level, cumulative GPA's, and most appropriate "fit" determined by their Study Abroad Coordinator.

Foreign university admission policy is subject to change without prior notice and the ultimate admission decision is at the discretion of each foreign university.
