Swing in the New Year to a Big Band Theme

Music by Crowfoot - Lynn Ackerson Calling

American and Québécois roots. These full-time musicians have been one of the most sought-after bands on the contra dance scene. They are superb musicians who really know how to play for dancers. Crowfoot's energy is contagious.

"Crowfoot brings together three major 'roots systems' of traditional music, and the result is electrifying...if this trio is playing at a dance or festival anywhere near you, be there!"

The only thing larger than Lynn's amazing assortment of colorful, patterned socks is her huge collection of great contras. Well known for carefully planned medleys that anyone can dance, she has also been on staff at numerous weekends and week-long camps (including Pinewoods' American Week). Lynn is known for creating a warm, friendly atmosphere with interesting and flowing dances.
