IMPORTANT INFORMATION AND INSTRUCTIONS

Please read the following information and instructions before completing this application to apply to the BMACC program.

Before you apply for the BMACC program, please be advised that this program is unique. It is a combined BS/MS program and students must successfully complete 141 units to be awarded simultaneously the B.S. degree in Business Administration, Accounting, and then the M.S. degree in Accountancy. Students must apply and be admitted to the BS/MS (4+1) program (BMACC). Once you apply and are admitted into the program you must fulfill all requirements of the BMACC program **before you will be granted the BS or the MS degree. If you change your mind and decide to go back to the Accounting major BS degree, you will not be able to reenter the BMACC program and the graduate units you completed will not count towards a graduate degree at SDSU.**
